## PEACE PLANS FOR MEXICO MONDAY

Conferences for Transfer of Control to Carranza to Begin at Tampico

CARRANZA AND SILLIMAN MEET AT TAMPICO TODAY

Villa Denies Discord; Feeling in Mexico City is Favorable to Americans

WASHINGTON, July 23.—Conferences for transferring the control of the Mexican government to General Carranza will begin at Tampico on Monday, according to Jose Castellet, President Carranza's representative here. It seemed certain that the transfer of government will occur smoothly. Castellet expressed the belief that it will be possible to arrange with the constitutionalists for amnesty covering all political offenses.

General Carranza and John Silliman, the State Department's representative with the constitutionalists, are both at Tampico today.

VILLA DENIES FRICTION; QUERATERO EVACUATED

GUERRERO, Mexico, July 23.—General Villa today hotly denied the renewal of the report that he and Carranza are at odds. He is resting here today with Senora Villa, Guerrero being his birthplace.

Confirmation reached here today of the federal evacuation of Querataro, the last stronghold before Mexico City.

MEXICO CITY SENTIMENT FAVORABLE TO AMERICANS

BY WILLIAM G. SHEPHERD

MEXICO CITY, July 23.—There has been astonishing revulsion of feeling in favor of the Americans here. There are no signs today of the hostility preceding and following the occupation of Vera Cruz. On the contrary, the Americans seem extremely popular. There is a feeling of some security in the city for the first time since the late President Madero's death.

Provisional President Carranza is in complete control of affairs, and excellent order is being preserved.

The government charges that the stories of danger from the Zapatistas on the south have been circulated by a group of Huertistas, and that there is little actual danger. It is generally believed here that the war is over. The president has given orders to replace the statue of Washington, overturned during the anti-American riots. The newspapers are insisting that those persons in possession of the arm of the statue, broken during the melee, return it immediately.

## RIVAL OF BLEASE PAINFULLY SHOT AT COLUMBIA, S. C.

COLUMBIA, S. C., July 23.—Dr. J. H. McIntosh, the political rival of Gov. Cole Blease, was shot and painfully wounded today by an unidentified man who fled shouting: "Now you won't bother Cole."

Gov. Blease was scheduled to speak here today. He expected to call McIntosh to the platform to discuss certain statements he is alleged to have made concerning the governor. Blease expressed regret over the shooting and promised aid in the capture of the fugitive.

## ROOSEVELT MAY BE HEARD ON COLOMBIA TREATY MATTER

WASHINGTON, July 23.—In the debate of the foreign relations committee it was stated today that the committee will not consider before Wednesday Col. Roosevelt's request to be examined in connection with the proposed treaty whereby America proposes to pay Colombia \$25,000,000 in settlement of her claim for the Panama Canal strip. The committee will hold its regular session that day. Despite opposition by Chairman Stone it is understood that the Republican members are anxious for Roosevelt to appear, believing he possesses strong arguments against the conclusion of the treaty.

## Church Taxed if Put to Any but Religious Use

SACRAMENTO, July 23.—All church properties in California are taxable if they are used for other than religious purposes, according to an opinion given by Attorney-General U. S. Webb. This applies whether or not admission is charged.

In summing up the various authorities, the opinion says: "I am forced to conclude that the use of churches for the purpose of public lectures, with or without an admission fee, would sustain the objection that such use would not be a sole and exclusive use of church buildings for religious worship."

## Bulletins of News

Hot from the wire up to 3:30 p. m.

## THE WEATHER

Cloudy tonight; fair Friday; westerly to northerly winds.

## Naval Militia Cruise Begins Today

NEW HAVEN, Conn., July 23.—The battleship Rhode Island will leave here today on her second "instruction cruise" of the summer, carrying Connecticut Naval Militia. She will stop at Newport and Portland for Rhode Island and Main militia on her way to Halifax, N. S.

## Cardinal Gibbons Eighty Years Old Today

BALTIMORE, Md., July 23.—Scores of telegrams were received here today congratulating Cardinal Gibbons on his eightieth birthday. Letters and telegrams came from all parts of the world, many of them bringing words of cheer from fellow members of the sacred college of the Catholic Church and some from rulers of Europe.

## \$800,000 in Bullion Reaches Seattle From Nome

SEATTLE, Wash., July 23.—Eight hundred thousand dollars in gold bullion, the largest consignment received from the north this year, was brought from Nome, Alaska, by the steamship Victoria, which arrived yesterday. The Victoria also had \$75,000 worth of furs.

## John D's Estate is Being Heavily Guarded

CLEVELAND, O., July 23.—Extra guards have been placed at the Forest Hill estate of John D. Rockefeller since Sunday, when vandals at night smashed a number of plate glass windows in the residence. It is believed that the damage was done by I. W. W. men.

## German Steamship Lines to Raise Steerage Rates

BERLIN, July 23.—The North German Lloyd and Hamburg-American lines yesterday decided to raise their rates for steerage passengers from Germany to the United States by \$2.50, thus bringing them up to \$37.50.

## Manuel's Father-in-Law To Wed Bavarian Princess

MUNICH, Bavaria, July 23.—Official announcement was made yesterday of the betrothal of Prince William of Hohenzollern, father-in-law of former King Manuel of Portugal to Princess Adelgunde, eldest daughter of King Ludwig of Bavaria.

## Michigan Schools to Promote Interests of Peace

MACKINAC ISLAND, Mich., July 22.—A special course of study in the schools, with emphasis on peace rather than military victories, is part of the plan of the commission arranging for the celebration of the centenary of peace between Great Britain and the United States.

## Salmon Shipments Heavy on Pacific Coast

SAN FRANCISCO, July 23.—During the fiscal shipping year ended June 30, 1914, there were shipped from the Pacific coast, mostly from San Francisco, 9,000,000 cases of canned salmon, according to figures made public here today. Each case contained four dozen cans, 432,000,000 cans, all told. The salmon went all over the world.

## Waterless Swiss Navy to Materialize

BERNE, July 23.—The "Swiss navy" is about to be removed from the joke books. After trials lasting several weeks the government has decided to purchase, chiefly with the large sum raised by popular subscription, six Schneider biplanes which will form the nucleus of an aerial fleet. These machines are particularly adapted to long distance scouting. Later a number of French monoplanes will be added, experiments with these still continuing.

## Thought it Safer To Defend Himself

LONDON, July 23.—At the Old Bailey a prisoner who said he was unable to hire a lawyer asked the court to appoint some one to represent his case. "Just make your own choice," said the recorder, pointing to a score of bailisters present. The prisoner carefully scanned the countenances of the three rows of lawyers, then announced: "Never mind; I'll defend myself."

## INVESTIGATING SUGAR BEET INDUSTRY

Men Appointed by Administration Are Here—Refuse to Talk to Press

## MYSTERY SHROUDS THEIR MOVEMENTS

Known, However, That Investigation Being Made With Reference to Tariff

L. Hoover and W. R. Bendz, who were appointed by the administration at Washington, D. C., to investigate the sugar beet industry throughout the United States with reference to the tariff, spent today at the Southern California Company's plant. Yesterday Hoover and Bendz were at the plant of the Co-operative Sugar Company. The two men have been in Santa Ana since Monday. They are staying at the Hotel Rossmore.

The movements of Hoover and Bendz are shrouded in the deepest mystery. Neither of the men will give any information of any kind to the newspapers. It was learned today at the Southern California Sugar factory that the investigators have not talked for publication in any place they have visited. They have even refused to give their names to the reporters.

Upon what lines the investigation of the sugar beet industry is being conducted cannot be said. All that is known is that the industry is being looked into with reference to tariff matters. What conclusions Hoover and Bendz have arrived at is also impossible to determine.

## U. S. TODAY OPENED DISSOLUTION SUIT OF NEW HAVEN R. R.

NEW YORK, July 23.—At the direction of the president, Attorney-General McReynolds filed suit today in the Federal Court of the Southern District of New York to dissolve the New York, New Haven & Hartford Railroad under the Sherman anti-trust law. The papers referred to the system as a combination in restraint of trade and commerce.

The New Haven system it is charged, controls nine railroads, twenty-two boat lines and 1500 miles of trolley system. It is also declared that the New Haven earns 91 per cent of the gross freight revenue, and 95 per cent of the gross passenger revenue of all New England railroads. The government asks that the contracts and combinations prevailing be declared conspiracies in restraint of trade. It also asks the separation of all the system's railroads, steamboats and trolley lines. It asks the court to declare as illegal the New Haven's acquisition of the Boston and Maine railroad. The suit was filed by a federal marshal after the papers had been signed by Attorney General McReynolds.

## HUNGER STRIKE OF BECKY EDLSON IS WORRY TO NEW YORK

NEW YORK, July 23.—More than seventy hours without food is the record today of Becky Edelson, who is on a hunger strike in prison here following her arrest in Union Square on the charge of inciting to riot during an I. W. W. meeting. Dr. Catherine Davis, commissioner of corrections, said that unless the prisoner consents to take food tomorrow, she will be forcibly fed.

## PROBE OF ROCK ISLAND POSTPONED TILL FALL

WASHINGTON, July 23.—Joseph W. Folk, chief counsel for the Interstate Commerce Commission, said today that the commission had decided to delay until fall the proposed investigation of the Rock Island railroad.

—Orange County Business College.

## BUENA PARK MAN KILLS HIS BROTHER

Officers Sent From Sheriff's Office to Bring Back Murderer

## JOHN ALEXANDER IS MAN COMMITTING CRIME

Rumor That Slayer is Standing Off Posse Sent to Get Him

BUENA PARK, July 23.—John Alexander shot and killed his brother, Reese Alexander, this afternoon, following a quarrel. There are no particulars regarding the shooting.

The sheriff's office at Santa Ana dispatched Officers Heard, Law, Dean, Vestal and Deputy District Attorney Koepsel to Buena Park at 2:45. There is a rumor that John Alexander is standing off the posse which was organized to get him.

## EUCCHARISTIC MEET SEEMS LIKE REAL TOWER OF BABEL

LOURDES, France, July 23.—The second day of the Eucharistic Congress of the Catholic Church witnessed the first effort this morning to get the 6,000 delegates divided according to nationality. Owing to the fact that there is no edifice here capable of accommodating the entire congress, and owing to the great diversity of languages spoken, simultaneous sessions will hereafter be held every day in a dozen different churches.

The division provided for the sessions of the Italian speaking delegates in the asylum of Notre Dame de Lourdes, the French in the Church of the Rosary, the Hungarians in the hall of Saint John the Baptist, the Austrians in the hall of Saint Michele in the same asylum; the Germans in the hall of Joan d'Arc, the English in the hall of the Sacred Heart, the Spanish in the hall of Saint Martha, the Belgians in the hall of Saint Gennaro, the Poles in the hall of Saint Clare, while disposition was made also for half a dozen other nationalities.

The session of the English speaking division was attended by Cardinal Farley of New York and the seven other archbishops and bishops who are representing the United States at the congress.

## MUTINOUS HINDUS AT LAST STARTED ON HOMEWARD WAY

VANCOUVER, B. C., July 23.—After a mutiny continued two months during which they tried to force their landing, 372 rejected Hindu immigrants sailed today on the Japanese steamer Komogatu Maru, escorted by the British cruiser Rainbow. The commander of the ship expected to sail last night but the Hindus became mutinous again, throwing half of the crew overboard. They were picked up by rescuers.

## CHICAGO SUFFERS FROM FERVID HEAT

CHICAGO, July 23.—Scattered rains throughout the northern Middle West brought relief today from the terrific heat of the last few days. In other sections the heat continued. Chicago and all cities in the south are suffering from scorching weather. Chicago had a temperature of 97 at 1 o'clock and the mercury was still rising. The suffering in the west side is intense. The parks and the lake front are swarming with humanity.

Dr. Pearl B. Magill, Osteopath, rooms 1 and 2, Rowley building, 956 W.

## JUDGE FAVORS LYNCHING IN CASES LIKE HERBERT DYER'S SENTENCE TWENTY-FIVE YEARS

Bledsoe Roasts Prisoner, and Severely Criticizes Attorney Who Spoke of Canadian Detectives as Skunks

"This man deliberately took away from this young girl whose protector he was, that which is better than life itself. I haven't it in my make-up to look upon such crimes as he committed with complacency. His attorneys have asked for leniency. The leniency in this case was that already shown when the people failed to take him and string him up to the nearest tree. I am just pioneer enough and Westerner enough to say that this is the only kind of treatment that should be accorded such a man. I say this as a man, not as a judge."—Spoken by Superior Judge Bledsoe of San Bernardino before sentencing Herbert Dyer, convicted of mistreatment of his step-daughter, to twenty-five years in Folsom.

This morning Judge Bledsoe of San Bernardino sentenced Herbert Dyer of Anaheim to twenty-five years in state's prison at Folsom. In doing so Judge Bledsoe declared his belief that stringing up to a tree is the only just punishment in cases like Dyer's. The judge took occasion to express in no uncertain terms his disapproval of epithets used by Attorney Dutton of Anaheim in his address to the jury in reference to two Canadian officers who testified against Dyer.

"There was no suggestion in the trial but that those witnesses were telling the truth, and in applying to them such an epithet as skunk I cannot believe, but that counsel overstepped. Such conduct is at variance with the best traditions of the American bar."

On Tuesday Dyer was found guilty of mistreatment of his step-daughter, Hester Butler, aged 14.

## New Trial Denied

When court opened this morning Attorney Dutton of the firm of Weisel & Dutton moved for a new trial and for a stay of judgment. Both motions were denied. Attorney Weisel then asked for leniency for Dyer on the ground that Dyer's wife and baby would be left destitute.

"This court," said Judge Bledsoe, "has always been as lenient as his conscience and his conception of his duty to the people will permit. The state does not seek vengeance. It seeks a due measure of punishment, which at best is a clumsy piece of machinery, to effect two purposes. One is in keeping with the modern conception of the Scriptural saying that 'the wages of sin is death' and the other is to prevent others from committing crime."

"In this case there is a peculiarly aggravated offense. The verdict finding this man guilty meets with my hearty approval. The girl's testimony by itself would have been but a slender thread, but there is here convincing corroboration. This man fled to Canada, and from Calgary we had two witnesses."

"I am satisfied that the counsel for the defense was not justified in applying the epithets used concerning these two men. They were evidently here telling the whole truth. There was nothing to show otherwise. They were doing their duty as servants of the public. There was nothing to justify using such epithets as skunks toward them."

"I cannot believe but that counsel overstepped, and I will not pass the matter by without expressing my distinct disapproval. The use of such epithets was unnecessary, contrary to the sense of the duty of an attorney and at variance with the best traditions of the American bar."

## Traitorous Conduct

Inquiry by the judge brought from Deputy District Attorney Koepsel a statement to the effect that at the former trial of the case Hester Butler began three years ago, at which time the girl was but 12 years of age.

"This man was in the relation of foster-father to this girl," continued the judge. "It was just as much his obligation to protect this girl, his step-daughter, as though she were his own flesh and blood. The fact that he is a step-father and not her father does not change his responsibility to protect her chastity. He has committed an offense against his wife, against the dead father of this girl, against

## Only Two More Days In Which to Register

This is merely a reminder that there are only two more days in which to register in order to have a vote at the primary election.

It may be well to repeat that the primary is more important this year than at any previous year, for in all judicial, school and county offices in which only one person is to be elected, the primary law provides for the virtual election of the man receiving a clear majority of the votes cast. In all these non-partisan offices, too, party registration does not count. Whether you have registered under a party designation, as independent or under no designation, you still have a vote on all these offices.

Upon the purely political offices, however, you must vote within party lines.

All these things you can figure out after you are registered. The important thing right now is to register. Remember there are only two more days; or better still, register as you go down town tomorrow morning and then you won't have to bother your brain about the remaining days.

## RIOTS BLAZE IN RUSSIAN CAPITAL

Strikers Burn Eighty Street Cars After Minor Rows During the Day

## FIERCE CHARGES BY COSSACKS REPULSED

Attempts to Resume Street Car Service Fail—Hospitals Filled With Wounded

ST. PETERSBURG, July 23.—Following a series of minor riots throughout the day, eighty street cars were burned by the strikers when an attempt was made to resume service. Various unsuccessful attempts to resume service followed. Fierce charges by Cossacks were met by determined resistance from the strikers. The hospitals are filled with the wounded.

## Riots Are Continued

ST. PETERSBURG, July 23.—Rioting between Cossacks and the strikers continued today, the Cossacks being active throughout the city, breaking up street gatherings and arresting demonstrators. The strikers persisted in assembling as rapidly as dispersed, however. Hundreds of arrests were made.

## HALF OF STRIKE STORY HAS NOT BEEN TOLD

LONDON, July 23.—Trustworthy reports here say that half of the strike story of St. Petersburg has not been told. It is said there have been many deaths and hundreds of injuries which the government is suppressing. The strike is already effective in Odessa, Riga, and other cities from where stories of the same furious sabre charges by the Cossacks are emanating. Factories are being sacked and machinery destroyed. The prisons are full. The strike is spreading generally. The government today admitted that 160,000 men are out at St. Petersburg.

## TEST STRENGTH IN STATE ELECTION

Illinois Women Voters Likely to Decide Fate of Many Office-Seekers

CHICAGO, July 23.—The women of Illinois will undergo their first real test as a political factor in the coming campaign. In the April elections they voted only for city officers, but on November 3, they will have the additional privilege of voting for county, state and national officers.

The officers for whom the electorate of the whole state will vote are: State treasurer, superintendent of public instruction, clerk of the supreme court, three trustees of the University of Illinois and United States senator. All counties and several cities will provide several offices to be filled.

The municipal elections last spring afforded little opportunity for professional politicians to get a line on the women's voting strength, as one alderman was elected from each ward and women voted for different candidates, even when voting for the same party. The fall campaign, which is just getting under way, will permit the women to combine in support of certain candidates, and it is very probable their votes will decide the fate of many aspirants for the various offices.

## HALF MILLION FOR U. S. EXHIBIT AT PANAMA FAIR

WASHINGTON, July 23.—By a vote of 135 to 108, the House today refused to reconsider its decision appropriating half a million dollars for a government exhibit at the San Francisco exposition. The vote means that the appropriation stands and the building will be erected.

## COMMERCIAL USE OF CANAL SOON TO BEGIN

Believed Gov. Goethals Will  
Ask Authority to Send  
Steamer Through

WASHINGTON, July 23.—Unofficial word has been received here that the Panama Canal is ready for commercial use and that the first steamer is likely to be sent through within a few days, unless Gov. Goethals is instructed to the contrary by Secretary of War Garrison.

It is understood that the recent explosion in the channel at Cucaracha slide, has not interfered with the work at that point and that there is sufficient water there to permit the passage of a large vessel.

A message is expected from Gov.

Goethals at an early date announcing that the canal is ready and asking for authority to send a ship through. It is thought probable that the Cristobal, which belongs to the War Department, will be the steamer selected. She is now at Colon, of 10,000 tons register, and thus will be the largest vessel to enter the canal. All is in readiness to facilitate her passage from the Atlantic to the Pacific and return.

Whatever steamer is sent through the return trip probably will be made at night, in order to test the canal for night navigation.

**There is Healing in Foley Kidney**

You need a mighty good medicine if once your kidneys are exhausted by neglect and overwork, and you have got it in Foley Kidney Pills. Their action is prompt, heating and tonic. Sound health and sound kidneys follow their use. John Phillips, manager Hambleton Gro. Co., Hambleton, W. Va., says: "Three boxes of Foley Kidney Pills completely cured me of kidney and bladder trouble, and I consider them invaluable. I sell them over my own recommendation." Try them. Wingood's Drug Store.—Advertisement.

## TWO ARRESTED ON SUSPICION

D. T. Osburn and J. C. Calhoun were arrested on suspicion last night by City Marshal Jernigan and Officer Vestal. The charge at present preferred against the men is peddling without a license. An investigation of the records of the two men is being made by the officers. It seems that they pawned a stick pin set with diamonds, valued at \$60. The diamonds surround a ruby which, if genuine, is worth at least \$200.

The officers secured the stick pin and when Osburn and Calhoun were arrested neither man claimed the pin. Osburn claimed that the piece belonged to Calhoun and Calhoun stated that the pin belonged to Osburn.

Jernigan and Vestal were standing nearby when one of the men produced a valuable watch at a local store and offered to sell it for \$150.

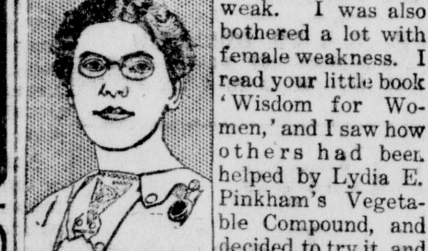

The two men appeared very nervous while they were being taken to the City Hall by the officers. Walking by the lawn in front of the hall one of the men threw away a tobacco box after pouring out some of the "weed" for a cigarette. Later the officers found the box on the bottom of which there was fastened a mirror. The glass was neatly cemented to the bottom of the box and at a casual glance would have the appearance of being the original tin.

The tobacco box, the officers think

## IN STERLING LIVES A GIRL

**Who Suffered As Many Girls  
Do—Tells How She  
Found Relief.**

Sterling, Conn.—"I am a girl of 22 years and I used to faint away every month and was very weak. I was also bothered a lot with female weakness. I read your little book 'Wisdom for Women,' and I saw how others had been helped by Lydia E. Pinkham's Vegetable Compound, and decided to try it, and it has made me feel

like a new girl and I am now relieved of all these troubles. I hope all young girls will get relief as I have. I never felt better in my life."—Miss BERTHA A. PELOQUIN, Box 116, Sterling, Conn.

Massena, N. Y.—"I have taken Lydia E. Pinkham's Vegetable Compound and I highly recommend it. If anyone wants to write to me I will gladly tell her about my case. I was certainly in a bad condition as my blood was all turning to water. I had pimples on my face and a bad color, and for five years I had been troubled with suppression. The doctors called it 'Anemia and Exhaustion,' and said I was all run down, but Lydia E. Pinkham's Vegetable Compound brought me out all right."—Miss LAVISA MYRES, Box 74, Massena, N. Y.

**Young Girls, Heed This Advice.**

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

## Los Angeles Grain Exchange

(From the Los Angeles Financial News)

The Los Angeles Grain Exchange at their second annual meeting held this week elected W. E. Howard president and the following directors, viz.: O. H. Morgan, D. M. Thomson, W. B. Waterman, J. H. Taylor and Frank S. Coates. Speaking of the Exchange, its work and its future President Howard said:

"We feel that the Los Angeles Grain Exchange is to be congratulated upon its past year's work. Our president for the past year, George H. Martin, has been untiring in his efforts backed up by the hearty co-operation of the Board of Directors and of the entire membership so far as their endorsement of his and the board's actions are concerned.

"The official inspection of cars is somewhat new to the dealers of Southern California, yet we officially inspected some 2500 cars of grain during the past year, and as the members of the Exchange become more cognizant of the value of this inspection department we think the number will increase, in other words we anticipate that our Exchange will officially inspect 5000 cars of grain during the next year.

"While our membership is not large, it is composed of representative concerns, all of the large mills, and most of the large grain dealers.

"During the year there has come before the Grain Committee adjustments involving thousands of dollars, and without exception they have all been adjusted, so far as we know, to the entire satisfaction of all parties interested. This feature alone is worth to the members more than their annual dues. We have also been able to bring about a condition whereby we sell goods on the same terms we buy them, which condition has worked out to the advantage of both the buyer and the seller, and we are very sure no one would be willing to go back to the old methods which obtained prior to the organization of the Los Angeles Grain Exchange.

"There are a number of concerns in Southern California who we feel should be members of the Grain Exchange, and we believe they will become members when they realize the benefits to be obtained by said membership. We feel free to state without successful contradiction that the Grain Exchange has pursued a very broad, liberal and progressive policy, eliminating all personal, or competitive jealousies, and acting on the broad principle of the 'Greatest Good to the Greatest Number.' This policy we are very sure will obtain under the present administration and draw a clientele of membership that will make itself felt for the best interests of the milling and grain interests of Southern California. The outlook for the year is very promising."

## ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD--CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely, Nasty Discharge Stops, Head Colds and Dull Headache Vanish.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; fullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any true store. This sweet, fragrant balm

could have been used for no other purpose than as a valuable adjunct in shady card games.

Osburn gave his occupation as a cook and Calhoun as that of a painter.

## Real Estate Transfers

(Furnished by the Orange County Title Company.)  
July 22, 1914—Deeds

A. D. Pyatt et ux to same—Lot 15, George W. Ford's Addition; \$10.

## RECORD CROWD AT PARK BAND CONCERT

The biggest crowd that has ever attended the popular open-air concert given by the Santa Ana City Band at Birch Park turned out to hear the selections given last evening. The crowd was not as quiet as those at previous concerts but the music for those who were able to hear it was the best ever heard here. In addition to playing the numbers announced in the program the band rendered several extra pieces, among which was the delightful and popular "I'm on My Way to Mandalay." The entire program showed taste in selection and without a single exception each number was charmingly rendered.

The Modern Dry Cleaning Co. 519 N. Main St. Both phones.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

## SUICIDE PACT LITTEN AND WOMAN DEAD

Former Resident of Santa Ana  
and Orange Kills Self at  
Calexico

Ernest M. Litten, formerly of Santa Ana and Orange, and a woman committed suicide at Calexico Tuesday night. Litten's father, O. P. Litten, once ran a poolroom in Santa Ana. Ernest was in trouble here and at Orange several times. A Calexico dispatch says:

CALEXICO, July 22.—A suicide pact was entered into last night by E. M. Litten, a gambler of Mexicali, and his associate, Viola Hudson, who was the mother of three children and separated from her husband and family of Miami, Ariz.

The suicide was discovered when Litten summoned inmates of the resort, telling them Viola was dying. It was thought he had forced her to swallow poison, but when they turned to call a physician he locked the door of the room and when it was broken open he was also found dying from a dose of cyanide of potassium.

Mrs. Hudson's body was shipped to her father's home at Roosevelt Dam, and Litten, whose father is proprietor of a cigar stand in Lompoc, Cal., was buried in Mexicali. Neither of the two had any funds.

**Stops Neuralgia—Kills Pain**  
Sloan's Liniment gives instant relief from Neuralgia or Sciatica. It goes straight to the painful part—Soothes the Nerves and Stops the Pain. It is also good for Rheumatism, Sore Throat, Chest Pains and Sprains. You don't need to rub—it penetrates. Mr. J. R. Swinger, Louisville, Ky., writes: "I suffered with quite a severe Neuralgia Headache for four months without any relief. I used Sloan's Liniment for two or three nights and I haven't suffered with my head since." Get a bottle today. Keep in the house all the time for pains and all hurts. 25c, 50c and \$1.00, at your druggist. Bucklen's Arnica Salve for all sores.—Advertisement.

Consult Dr. Enoch. Sunset phone 47.

## IN THE JUSTICE COURT FURTHER HEARING IN THE KENT CASE

Today Justice Cox heard the testimony of S. M. Strong in the preliminary examination of Frank Kent, charged with the murder of I. O. Wilson. Strong saw the fracas.

Attorney Earl Rogers asked Justice Cox to dismiss the case, after Deputy Koepsel and Eden had finished with their testimony. Rogers asserted that the testimony of the physicians who examined Wilson's brain after death failed to establish that Wilson was killed by a blow on the head.

The justice has not ruled on the motion.

Licensed to Wed

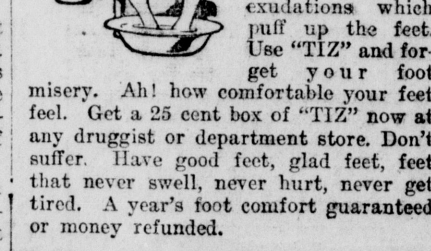

Marriage licenses were issued in Los Angeles yesterday to Elvin B. Moline, 21, of Huntington Beach, and Helen E. Nordgren, 19, of Los Angeles; James D. Kelly, 44, of Fullerton, and Jennie S. Givens, 33, of Denver.

## "TIZ" FOR ACHING, SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony.

"TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and for get your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

## WORK IS BEGUN BAY CITY ROAD PAVING WEST FIFTH

M. L. Hubermann's Men Began  
Tearing Up the Street  
Yesterday

Yesterday a crew of men employed by Contractor Max L. Hubermann began tearing up West Fifth street between Garnsey and Artesia streets preparatory to paving.

The present paving on West Fifth extends as far west as Garnsey. From that point the street is to be paved to the west city limits to join the county highway known as the Santa Ana-Huntington Beach road.

The City Trustees acting under the Vrooman Act have let two contracts for paving on West Fifth, both to Hubermann. From Garnsey to Baker street, the paving will be the full width of the street, and from Baker to Artesia a twenty-foot strip in the middle of the road is to be paved. On both contracts there will be a four-inch concrete base and an inch and a half wearing surface.

The City Trustees have started Vrooman Act proceedings for paving a twenty-foot strip from Artesia west to the city limits.

Santa Monica Company the  
Lowest Bidder—Work Will  
Start About Aug. 15

Bids for paving section 1 of the Bay City road were opened by the Board of Supervisors this week. This section extends from the end of the pavement on West First street, north to the Westminster road, thence westerly five miles to the Los Alamitos road. The section is six miles in length. The S. C. Constructing Company of Santa Monica was the successful bidder, the price being \$20,350.80. The office estimate for the work was \$21,495.21.

Construction of the paving from Bay City to Los Alamitos has already begun. The contract for paving section 1 will probably be awarded July 28 and paving will start about the middle of August.

Other bids received were as follows: Crandall Construction Company, Santa Ana, \$20,669.35; B. R. Davison Construction Company, Monrovia, \$22,907.27; Hart & Ducey, Anaheim, \$24,915.52; Star Cement Company, Riverside, \$25,091.73; Heim & Sheehan, Los Angeles, \$26,636.53; Arthur S. Bent Construction Company, \$29,812.82; Conrad Scheerer, \$32,005.64.

## CHICAGO SCHOOLS SAVING BANKS ARE WELL PATRONIZED

CHICAGO, July 23.—That old china bank and the penny-at-a-time stuff is a has-been. Chicago school children now bank their money in really true banks, and their combined deposits total "in the thousands." To be exact, it's \$2,537.05.

That is the amount the youngsters have saved since the opening of saving banks in twenty-one schools on April 18. At present there are applications to install fourteen more school banks this fall.

## HERE'S PROOF

A Santa Ana Citizen Tells of His Experience

You have a right to doubt statements of people living far away but you can doubt Santa Ana endorsement?

Read it: W. N. Nelson, 824 E. Fourth St., Santa Ana, says: "Off and on my back was so painful that I could hardly turn in bed. I had to change my position every little while. I also had rheumatic pains. I used several boxes of Doan's Kidney Pills and was rid of the pains and aches. I have had no further trouble since. Several years ago I publicly recommended Doan's Kidney Pills and the endorsement I gave them at that time, still holds good."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Nelson had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

Mrs. William Bailey, Victim of Long Island Tragedy

This is the best photograph of Mrs. William Bailey, who was murdered in the office of Dr. Edwin Carman at Freeport, L. I., June 30. It was taken several years ago, for Mrs. Bailey was forty years of age at the time of her death. Mrs. Carman, wife of the doctor, is in jail at Mineola, L. I., in connection with the death.

The victim had called on Dr. Carman between 7 and 8 o'clock in the evening. She was about to leave, the doctor says, when a hand broke the glass of a window in his office and was pushed through with a revolver. A shot was fired and the woman died within a short time.

## TO PROBE MENTAL STATES OF BOYS

Experts to Hold Four Months' Clinic at Whittier State Reform School

WHITTIER, July 23.—To determine the mental ages of the 150 boys of the state school at Whittier, five well-known specialists of California yesterday began a four months' scientific clinical survey of the institution, covering the medical, psychological and educational condition of the boys.

The work undertaken by the experts will be the first scientific study of value that has ever been made of a group of delinquents, according to Dr. Lewis N. Terman, who is in charge of the investigation. It will take the form of a complete analysis of the 150 boys, to determine whether their mental ages correspond with their chronological ages.

The idea originated with Superintendent Fred C. Nelles a year and a half ago, but he was unable to have it put into effect until now.

Dr. Terman, under whose supervision the work is being conducted, is associate professor of education at Stanford University, and was formerly head of the department of education of Los Angeles Normal School. He will handle the psychological phase.

The others who are working under him are: Prof. J. H. Williams of Stanford University, research fellow of the Buchel foundation; Dr. Ernest Bryant of Los Angeles, member of Stanford faculty and a national authority on detective children; Prof. E. J. Lickley, supervisor of compulsory education in the Los Angeles city schools, and Supt. Fred C. Nelles of the Whittier School for Boys.

## CZAR FORBIDS ARMY TO DRINK VODKA

Drunkenness to Be Dealt With Severely—Officers Come Under Rule

ST. PETERSBURG, July 23.—That the czar was thoroughly in earnest in his recent announced determination to make the Russian army dry is shown by the text of the new prohibition regulations published today. Officers are forbidden to drink vodka in camp, on maneuvers, or while on duty with their men. All cases of drunkenness are to be dealt with in the severest possible manner. Commanding officers are ordered to discourage as much as possible the drinking of any kind of intoxicants by their subordinates, and are recommended to set the example themselves. Vodka is forbidden to the enlisted men at all times, and the most stringent measures will be taken to prevent them from buying it. No soldier will be allowed to receive money from home if he is known to be inclined to drink.

## LONG BEACH INCREASES SALARY OF PRINCIPALS

LONG BEACH, July 23.—The principals of the five larger grammar

schools will next year receive increased salaries. The board of education voted to raise the maximum salary from \$1800 to \$2100.

The principals affected by the increase are H. H. McCutchan, Forest M. Whittaker, Melvin Neel, Roy B. Stover and S. F. Howland. The remaining five principals will receive the same salary they received last year.

## LISTEN

I have more acreage than I can care for properly, so am going to dispose of some of it. Therefore, if you want to get a good ranch, large or small, and have a little money or a clear house in Santa Ana, come in and talk business with me. This is my property and I will give you the benefit of any reductions in price. No agents recognized and no commissions paid. Following are a few properties:

From one to twenty acres of fine young Valencia, in any size tract you want. Fine soil, lots of water, good roads and close to town. \$1000 per acre.

Twenty-one acres, 18 acres in walnut trees, interest with apricots, 3 acres vacant. Good crop on the trees. Swell location and good income property. \$25,000. Make your own terms.

2 1/2 acres or 5 acres, on South Main St., just outside city limits. Fine soil, paved road, make swell chicken ranch, truck farm, etc. \$600 per acre, one-third cash. Beautiful home, one-half block from West Adams street, in Los Angeles. Modern, close in, swell surroundings. Rented at \$50 per month. Will trade for orange county property. \$12,500.

## TOWN BUILDING

The surest and best way to make a town grow is to locate new industries. But the question of daily bread is not the only one that determines a person's residence. If a man and his family enjoy living in a place, if they feel it has good schools and good public services, they will frequently keep on living there, even if they see more possibilities in the way of money somewhere else.

If a town is clean, comfortable, attractive, well equipped with modern facilities, it will acquire a reputation extending even beyond the limits of its own state. People will be ready to come there to live if opportunity offers. They will be slow to move away. Owners of land and retail business will see their holdings rise in value. There will be more chances for young people to make comfortable livings.

The spirit of co-operation in every public enterprise is more valuable than ambitious schemes of town booming, successful and helpful as these frequently are.

Here is where towns in their corporate capacities have a wholly different temperament. In one place there is little spirit of pulling together. If one man starts a new idea, the rest all criticize. "It is none of their business."

## THE GREATEST FALLACY

The liquor corporations that have for so many years made California a sort of game preserve tell us that the saloon brings prosperity. The claims would be more effective if they would produce the name and address of the man who drank himself rich. There never was a greater fallacy than the belief, entertained by some people, that the saloon helps business.

The more money the saloon man gets, the less the grocer and the dry goods dealer gets. The saloon produces nothing. It lives off the life blood of the community.

## PROHIBITION, CRIME AND TRADE

Some statistics recently dug up in Little Rock, Arkansas, by Dr. Wilbur F. Crafts, of Washington, show a startling contrast between fifteen days in January, 1913, when Little Rock had licensed saloons, and the corresponding days in 1914, when the saloons were temporarily out of business under the going law. The 1913 period of fifteen days showed 278 cases in the police court, of which 86 were drunks. On the corresponding days of 1914 the number of cases in the police court was 138, five of which were drunks. There was also an attending increase in trade.

—Go to school next Monday at Orange County Business College.

## Flashes From Gay Paris

PARIS, July 21.—"The American man is just about the grandest institution of his kind in the world," declared Mrs. Mabel Potter Daggett, writer of international repute, in an interview granted the United Press correspondent here. Mrs. Daggett is in France studying sociological conditions as they affect women, following a similar investigation in Germany.

"Back home," she said, "I would have you know I am something of a suffragette. I have always felt that woman was not getting what she deserves from the tyrant man. I felt she was imposed upon, that she was the victim of an enormous number of wrongs which simply cried aloud to be remedied."

"Since I came to Europe I have changed my mind on more than one point. I have come to realize a few things I was not aware of before. One of the things I know now, for instance, is that the American woman is the best treated, the most highly respected and generally the most looked-up-to lady of the universe."

"In Germany the woman is not much better off than a servant; in fact a wife is regarded as a sort of chief-maid, an unsalaried female person whose duty it is to see that His Majesty, the Man of the Establishment, has everything as he wants it. After his wife, the unpaid servant, skims the cream from everyday life and gives it to him, she can have what is left. This rule holds through the entire relation of man and woman in Germany, and, though perhaps to a somewhat lesser degree, the same thing is true in France."

"Throughout Europe I have found the working woman working, not side by side with the man, but in places inferior to what is considered a 'man's work.' She does the hardest labor; she sweeps the streets; carries the coal in sacks on her shoulders; works in the fields—yet she has not one of the liberties, not one of the advantages we women in America forget we have always had."

"In America the man treats the woman as his superior in many ways; he looks up to her. If she is kept from having things, it is not because he is tyrannizing her—he simply thinks

the things desired are not as good for her in her quality of 'wonderful woman.' Far from treating her as his servant he is prone to make himself hers, and instead of forcing her to do work too menial for him, if one of the two must do it, he not only does it himself but insists upon doing it."

"I smile when I confess it, but I have come to realize more fully than ever before I could, that America is the woman's country of countries, and when I go back I shan't feel ashamed to cuddle down and purr in real contentment."

Mrs. Daggett returns to America shortly where she will write of her European experiences and observations.

Paul Poiret, the fashionable dressmaker here, is on the warpath against fashionless pirates, declaring that unless something is done to stop the theft of styles there will be no great couturiers left in Paris.

"I have about succeeded," he told the correspondent, "on forming a committee of the best known dressmakers in the city to study law how best to protect their interests. The committee is small purposely, only about seven houses being represented."

"Every new fashion a leading dressmaker evolves is seized upon so quickly that the originator is left wondering how it is done. The fashion is not only pirated, but the copies are often so badly executed that the public is disgusted. We shall oppose newspapers bringing out fashion supplements, and photographers from selling photographs taken at the races and at other places where styles are first seen. The fashion supplements aid the pirates materially since by their aid our latest exclusive creations are scattered throughout the world."

"There is now going on a campaign against the fashion as it is today. This is the result, not of our models, but of the quantities of bad imitations which I confess are really ridiculous. As I created the trouser-skirt it was lovely; as copied hideous. One designs a style today; in a fortnight it is copied everywhere and all left for me to do now is to create a new style."

## SPECIAL WASHINGTON LETTER

By Burton K. Standish

WASHINGTON, July 22.—Whether the Senate itself or any committee of the Senate has the right to discuss questions of public interest behind closed doors, is a question that will be thoroughly threshed out before the present session of Congress adjourns, if such senators as Borah of Idaho, Norris of Nebraska, Kenyon of Iowa and La Follette of Wisconsin, mean what they say.

Lively discussion on this point was brought up when the Senate Foreign Relations Committee, through Senator Stone, asked for permission to investigate itself, with a view of discovering just what senator has been telling the newspaper men what has been happening behind the closed doors of the committee during its investigation of Central American finances in connection with the proposed draft of the treaty with Nicaragua.

Secretary of State Bryan has been "sitting in" at the meetings of the committee all the way through and on one day in particular he was

shocked to read in the newspapers a full and complete account of the story told the committee, in "confidence" by representatives of Nicaragua.

The particular story that caused the rub is said to have been that regarding the offer of Germany to pay more than \$3,000,000 for the option on the canal route if Nicaragua would not ratify the proposed treaty with the United States.

Bryan at once was called upon by the Nicaraguans, who knew him better than they knew any one on the committee, with the protest at their testimony being given to the public, and they could not understand how the newspapers had gotten such complete accounts of their testimony without the stenographer's notes being given to the newspapers.

"We thought it was in confidence, or we would never have talked," they told Mr. Bryan.

Thereupon Bryan made a hurried trip to the committee, and stated his case. Senator Stone expressed amazement that the doings of the committee should have leaked out, but not half as much amazement as was expressed in the press gallery when it was known that a majority of the committee had "stood for" the investigation resolution.

For "the boys" who had been writing the news knew, and knew that the members of the committee knew, that the man on the committee who does not talk to the newspaper men at some time following a meeting is the rare exception.

Most of the committee members always recognize the newspaper men's argument that the committee had no right to withdraw such information from the public, and this belief always has and probably will, make executive meetings largely futile.

Senators Norris and Borah point out that these treaties, with Columbia and Nicaragua, involve the paying out of the United States treasury \$23,000,000 in money, and the granting of privileges which are worth inestimable millions more in connection with the Panama canal. They declare, with other senators, that the people of the United States are entitled to know every fact about the entire financial history of the countries, and just what are the reasons for and against the treaties which are discussed at such length in the committee meetings.

They further point out that under the plan proposed, not only will the committee meetings be executive, but the treaties themselves will be considered in executive sessions of the Senate, so that the treaties may actually be ratified without the American people ever knowing the truth or falsity of the sensational charges made.

Debate in the open Senate on these treaties is the demand of the progressive senators of both parties, and this leads back to the fact that the progressive element desires that all executive sessions of the Senate should be abolished, except in the consideration of questions of great delicacy affecting the international relations of this government.

## FORMER WIFE OF CAILLAUX GOES ON STAND TODAY

PARIS, July 23.—Madam Gueydan, the former wife of Joseph Caillaux, testified today at Madam Caillaux's trial for the murder of Gaston Calmette. She declared the first letter published in Le Figaro's campaign against Caillaux was given her by Caillaux himself. She demanded permission to read her letters from Caillaux, but this was refused amid an uproar in court. Gendarmes were necessary to keep the audience in order during her testimony.

## WANTS NATIONAL CAPITAL AT PEORIA

PEORIA, Ill., July 23.—"Remove the national capital to Peoria." "A full dinner pail for the laborer, a new dress for his wife, a nickel for the tot, a full stomach for all."

"Only old sea cows say things that can't be done."

These are planks in the platform on which "Judge" J. Frederick Hilton of Peoria is seeking the nomination on the Republican ticket for Congress from the Sixteenth Illinois district. The platform is printed on the back of Hilton's name cards.

"The capital of the United States in the face of the growing and dominant West, can't last fifteen years where it is," reads the argument in support of the first plank.

One of Hilton's most frequently advanced claims to distinction is a boyhood friendship for Al Jennings, former bandit, now running for governor of Oklahoma.

Another Expensive Remedy  
Wife (with newspaper) — Here's something interesting. Physicians have found that the skin from the inside of an egg possesses curative properties.

## GREAT R. R. STRIKE SEEMS IMMINENT

SAN BERNARDINO, July 23.—Railroad circles here are agitated by the receipt of a telegram at the Trainmen's Brotherhood headquarters from the delegates at the Chicago conference between the representatives of 80,000 employees of the Western railroad and their employers. The message read: "The prospects for settlement are unfavorable. We may leave here any day. Mediators suggest arbitration. We decline."

The local men profess to see a warning to prepare for drastic action in the message.

## AUCTION BRIDGE LUNCHEON

Charming Affair Complimentary to Miss Sentney Was Social Event of Yesterday

An auction bridge luncheon was the delightful entertainment given yesterday in honor of Miss Sentney by Mrs. Maurice A. Yarnell at her West fourth street home. The reception hall was bright with snap dragons and zinnias in jardiniere, the gay old-fashioned flowers furnishing the keynote for radiant cheerfulness that pervaded the event. A great cut-glass bowl of maidenhair ferns and Philippine poppies, with a butterfly bow poised lightly on the lovely golden flowers, diffused fragrance from the center of the dining table, while cut-glass vases of pink coriopsis and maidenhair ferns centered each of the small tables that were set in the two parlors. The color motif of pink and yellow was seen wherever possible in the table appointments, and the six courses of the luncheon.

Name cards bearing a golden floral design marked the places, and the list of invited guests included Mesdames L. A. Collier, J. R. Porter, W. A. Huff, Parke S. Rice, John W. Tubbs, O. K. Forgy, H. T. Rutherford, Arthur Lyon, James S. Rice, H. G. Hull, J. I. Clark, Alice Harris, Frank Remsburg, W. F. Lutz, W. E. Winslow, George S. Briggs, J. D. Thomas, Ben Turner, J. A. Hatfield, Roscoe Whitely, Ella Fyfe, John Carlyle, Lewis; Miss Sentney, Rosa Boyd, Kate Lutz.

Miss Linna Yarnell, daughter of the hostess, and Miss Jennie Scheurer of Long Beach, assisted in serving. In the auction bridge games played during the afternoon Mrs. J. D. Thomas won high score and its accompanying trophy, and the consolation prize went to Mrs. George Briggs.

A Delightful Dinner Party

Members of the 5A Class of the United Presbyterian Sabbath School were entertained at the home of their teacher, Mrs. J. G. Kennedy, on Orange avenue, with a delightful dinner party. Those present were Florence Breckenridge, Pearl Samblin, Ruby Camblin, Josie Eilers, Lila Hyle, Ethel Morrow, Maurine Baker, Myrtle ElPage, Elsie Raitt, Lorene Patterson, Lois Smith.

Pink carnations and ferns were used in decorations and the three-course dinner was carried out in pink and white. After the dinner, served at 7 o'clock, pleasurable hours were spent, games and music figuring largely in the entertainment of the evening.

Birthday Party

Miss Elizabeth Anderson celebrated her twelfth birthday yesterday afternoon at the home of her parents, Senator and Mrs. J. N. Anderson, 501 Wellington avenue. A merry after-

## ILLINOIS GIRL TAKES HIGHEST VASSAR HONORS

Miss Adeline De Sale of Springfield, Ill., was graduated from Vassar College with the highest four-year average in grades ever attained at that school. Miss De Sale is 22 years old.

In 1909 Miss De Sale was graduated from St. Louis Central high school, where she attained the highest average of any student in the last thirty-seven years.

noon was spent on the inviting lawn where dainty refreshments were later served.

Those asked to aid in the celebration of the birthday event were June Harding, Carol Randall, Gene Goodwin, June Goodwin, Margaret and Albert Zimmerman, Marian Barnes, Arnold Peek, Frankie May, Vella Vestal, Marian Hickman, Josephine Scott, Margaret McElree, Louise Robertson, Grace Robertson, Dorothy Forgy, Anna Embree, Ruth Smith, Ruth Hickox, Frances Edge.

Passed Bar Exam

Mr. W. W. Davis, who has been reading law in the office of Finley and Cope, was one of the successful ones passing the bar examination before the District Court of Appeals last Monday. Fifty-three out of 116 taking the examination, passed.

Celebrated Her Birthday

Mrs. C. Hoefler of 1717 Bush street was hostess yesterday afternoon to her children and their families, the pleasant event bringing them together being the sixty-first birthday of Mrs. Hoefler. The afternoon was delightfully spent, and many handsome gifts were showered on Mrs. Hoefler. Delicious cake and ice cream was served with punch at the close of the afternoon.

Those joining Mrs. Hoefler in the observance of the day were Mr. and Mrs. C. Hoefler and family, Mr. and Mrs. Charles Andres and family, Mr. and Mrs. Philip Hoefler and family, Mr. and Mrs. Arthur Hoefler of Santa Ana, Mr. and Mrs. A. T. Stedman of Pasadena, and Mrs. Murray. There were twenty-two persons in the party, and Mrs. Hoefler had the happiness of having all of her children and grandchildren about her.

For Eastern Guests

Mrs. A. F. Zaiser was hostess at a very delightful dinner party last evening at her home on Yorba street, Tustin. The affair was given in honor of Misses Elizabeth and Marie Melchior of Burlington, Iowa, who are visiting their sister, Mrs. Henry G. Nau.

The table was daintily appointed and the decorations were of pink blossoms and greenery. Covers were laid for eleven, including the host and hostess, Mr. and Mrs. A. F. Zaiser, and the guests of honor, the Misses Melchior; Dr. and Mrs. Harry E. Zaiser, Mr. and Mrs. C. P. Boyer, Mr. and Mrs. Henry G. Nau, Mrs. Converse Nau.

## BRILLIANT RECEPTION

Grand Master of State I.O.O.F. and His Wife Were Honored by Torosa Rebekahs

A brilliant reception was given last night by Torosa Rebekah Lodge in honor of A. T. Johnson of San Diego, Grand Master of California I. O. O. F., who with his wife were guests of the lodge. Other grand officers present were Mrs. Fannie Lacy of Santa Ana, president of the State Rebekah Assembly; Mrs. Adele Stockwell, and Miss Mary Reynolds of Los Angeles, vice-president and conductor, respectively, of the Assembly; Mrs. Gertrude Baldwin of Hollywood, Grand Inside Guardian, and Mrs. Sarah Flowers of Long Beach, Grand Chaplain. Other visitors were Miss Stella Merrick, Past District Deputy, and Will Merrick, Past Grand Patriarch, both of Long Beach; Mrs. Maud Bolton, District Deputy President of Huntington Beach, and five others from the beach city; Mr. and Mrs. L. W. Folsom and Mrs. Effie Carruthers of Long Beach. There were also visitors present from Klamath Falls, Oregon; New Mexico, Iowa, Westminster, and Santa Ana Sycamore Rebekahs. Col. Birkett Utley was also an honored guest. Regrets were received from Past President Ada Madison and several others. One candidate was initiated in excellent style by the degree staff. The main feature of the evening was the address of the Grand Master, and very appropriate remarks were made by most of the other visitors.

Elegant bouquets were given the guests, Shasta daisies and pink Tacomias were used in the banquet room where creamed chicken, delicious salads and other appetizing viands were served by Mrs. Lydia Fipps and her assistants on the refreshment committee.

There were about two hundred guests present, and one of the most interested and most heartily welcomed of these was W. W. Chandler, who walked fourteen miles to be present at the event.

—O—

## Personals

Mr. and Mrs. W. B. Tedford are at home from a month's visit at Northern California points where they visited old friends and relatives.

Mr. and Mrs. Carey R. Smith have returned from a stay of several days at the Hotel Virginia, Long Beach.

Mrs. Lillian Whitney and Miss Lena Thomas are at Monterey and Berkeley.

Mrs. E. J. Inwood and children, Miss Ruth and Master Reginald arrived at home this week in time to greet the head of the family, Rev. E. J. Inwood, who, with A. J. Visel had a fine auto and fishing trip to the mouth of the Orange river in Inyo county. Mrs. Inwood and the children were at Laguna.

Miss Mary Hopkins, niece of Mrs. J. A. Turner, who has been here for a year or so past, and who has made many friends, will leave on August 1 for Green Mountain Falls, Colorado, to reside. Miss Hopkins will be especially missed in the Methodist Church, South, where she has been a member of the chorus choir for some months.

Mrs. Kate Felton left today for Long Beach, and after visiting there will go to Los Angeles and Glendale for the remainder of the week. She will take trips to Venice, Ocean Park and other beach points while away. She anticipates a delightful outing. Her sister, Mrs. Ella Maxwell of Los Angeles, will be with Mrs. W. N. Tedford during Mrs. Felton's absence.

Mrs. S. L. Bentz of Anaheim, mother of Mrs. Ray Clara of Santa Ana, was taken to the Santa Ana Hospital last Sunday to undergo an operation.

Mrs. J. A. Ranney and her daughter, Miss Charlotte, of Summer Hill, N. Y., are visiting the family of Walter Ranney of South Flower street. The eastern visitors are greatly taken with California and hope in the near future to come here to reside. Miss Charlotte, in fact, will remain in the state, expecting to attend school at Mountain View during the coming year.

John McFadden was a business vis-

## PRINCE AND PRINCESS OF TECK WILL NOT BE WELCOME IN CANADA THIS FALL

PRINCE and PRINCESS ALEXANDER of TECK.

Prince Alexander of Teck, who will succeed the Duke of Connaught as governor-general of Canada this fall, will not be welcome, at least not welcome to a large majority. The opinion of many Canadians was voiced by Henry E. Emerson, former premier of New Brunswick and minister of railways and canals in the last cabinet of Sir Wilfrid Laurier. He had this to say:

"My objection is to royalty, and foreign royalty, being brought to Canada. We have gone the limit with the Duke of Connaught. If necessary I would be prepared to move a condemnatory resolution."

The dispatches from Canada intimate a very widespread sympathy there with the views of Mr. Emerson. No little surprise has been created in England by this attitude on the

part of the Canadian press. The representatives in the Dominion of the English press had neglected to keep their papers in London and the provinces informed of the real trend of public sentiment in the Dominion. It seemed to them an ungracious task to reflect in any way on the administration of a prince so gracious as the duke, so upright, so conscientious and single-minded, in his resolve to fulfill his duty toward Canada. Indeed, it was not until ex-Minister Henry Emerson made his attack in the House of Commons at Ottawa upon the system of maintaining a royal court at Rideau Hall, and that the entire Canadian press, that the correspondents found themselves obliged to at length communicate to their papers in England the true conditions of affairs.

AMUSEMENTS

"Quo Vadis"

Among the host of interesting characters in George Kleins' marvelous photo drama, "Quo Vadis," which comes to Clune's Santa Ana Theater next week on Monday, Tuesday and Wednesday, July 27, 28 and 29, for an engagement of three nights, with daily matinees, none are more enjoyed and respected by the audiences than Sig. Castellani as Ursus, the giant slave so thoroughly devoted to his mistress, Lydia. He completely realizes in his appearance, height and muscular power, all that our mind pictures of the physical giant who could uproot trees and even tear a huge bull asunder. Castellani was not an actor until he posed for this photo-drama.

When the Cines stage directors passed the play, they found no difficulty in securing great actors for the various characters of the story until they came to Ursus. There they were blocked. In all the dramatic profession of France and Italy there was not a man who could anywhere approach the realization of Sienkiewicz's modest hero. They were about to give up in despair when one of the directors happened to run across Castellani, who was earning a living as a wrestler and had jumped suddenly into prominence by throwing two of the largest and most powerful kings of the mat in Sicily. In fact, it developed later that he had a reputation all over Southern Europe as a herculean athlete.

The Cines Company made Castellani a flattering offer for his services for one year and put him under the direction of a competent stage manager for six months. In the photo-drama his performance looms up prominently with all the other players of long experience and he wins as much by his simplicity and naturalness as they for the complexity of their art.

This instance only serves to emphasize the amount of attention to detail, and wonderful care the Cines Company displayed in making "Quo Vadis," which is well deservedly called the premiere photo drama of the world.

At the Lyric Theater

It goes without saying that the largest matinee patronage ever accorded a theater in Santa Ana was present at the Lyric this afternoon when Shakespeare's masterpiece, "The Merchant of Venice," in four parts, was presented.

A brilliant all-star cast led by Phillips Smalley and Lois Weber and charge of this masterpiece and the acting, scenery, costumes, etc., could not have been improved upon, was the comment from those who were present. The same production will also be shown tonight, as well as a special matinee on Friday and at the evening performance.

Other high-class photoplays are being shown which goes to make up an afternoon or evening of splendid entertainment, and the lovers of the silent drama in Santa Ana are to be congratulated on having at their doors a 25-cent attraction for 5 cents.

WM. BARNES IS Suing ROOSEVELT FOR LIBEL

NEW YORK, July 23.—William Barnes, a prominent Republican politician, today announced that he has instructed his attorneys to institute a suit against Colonel Roosevelt for alleged libel.

The basis of the suit will be Roosevelt's attack on Barnes in his statement endorsing Harvey Hinman for the governorship of New York.

Among the assertions in Col. Roosevelt's statement to which Barnes took exception were the following: "In New York there are two political machines and both are dominated completely, one by Barnes and one by Murphy."

Other high-class photoplays are being shown which goes to make up an afternoon or evening of splendid entertainment, and the lovers of the silent drama in Santa Ana are to be congratulated on having at their doors a 25-cent attraction for 5 cents.

FIRE-BOMBS EXPLODED, DAMAGING FIRES RESULT

OAKLAND, July 23.—The police today made no progress in detecting the persons who electrically exploded two "fire bombs" in Chinatown between midnight and daylight, with resultant fires destroying the business house of Alfred Doak and the stables of the Albert Joaquin Company. Seven horses were burned to death.

## CITY TALKLETS

"From all I can learn, the band concert given last night was, in the estimation of those who were able to hear it, the best that the Santa Ana band has given this summer at Birch Park," said Harry L. Hanson, manager of the band, today. "The crowd was larger than any we have had but the people were also less quiet than at any of the concerts given so far this season. We are determined to have order. The city officers have been told to enforce quiet. Unless the police enforce order we shall ourselves deputize members of the band and have them see that the people refrain from talking and being noisy during the numbers. More people are attending at each succeeding concert, large numbers motoring here from long distances. People call me up from Fullerton and Anaheim, asking about the programs and requesting special numbers."

## HAIR COMBINGS TO RAISE FRESH AIR FUND FOR KIDDIES

LONDON, July 23.—"Give us your combings," says an ingenious appeal issued to the women of England by the promoters of the London Fresh Air Fund. Estimating that an average of more than two ounces of hair is shed annually by every woman in the United Kingdom, they figure that \$750,000, which might be used to furnish country vacations for the poor children of the metropolis, is thus thrown away. For every pound of hair received by the fund—value 18 cents—one child will be given a day's outing, with plenty to eat.

The fund last year sent more than a quarter of a million children to the country for outings of from one day to two weeks.

## HOGUE TRIAL CONTINUED

SAN FRANCISCO, July 23.—The trial of James Hogue, the alleged Southern Pacific train robber, was continued today. Hogue's wife and four little children, to get food for whom Hogue says he held up the train, were in court. Just before the trial began the youngest child distributed candy to the other prisoners in the dock with its father.

## REGISTRATION FOR AUGUST PRIMARIES CLOSING ON SATURDAY

Have you registered since January 1, 1914? After registering, did you move to another precinct, and if you moved, have you transferred?

These questions are pertinent right now, for registrations and transfers for the primaries on August 25 will close next Saturday, July 25.

The primaries are important not only because at that time party nominations will be made for state offices but also for the reason that at the primaries many of the officers for county and township positions will be selected.

County Clerk Williams has deputies scattered all over the county. Any of those deputies will register you. If you do not find a deputy in the field, go to the county clerk's office, where you can be registered or transferred. Williams will keep his office open until 5 o'clock Saturday afternoon.

Has Your Child Worms?

Most children do. A Coated, Furred Tongue; Strong Breath; Stomach Pains; Cries under Eyes; Pale, Sallow Complexion; Nervous, Fretful; Grinding of Teeth; Tossing in sleep; Peculiar dreams—any one of these indicate Child has Worms. Get a box of Kickapoo Worm Killer at once. It kills the Worms—the cause of your child's condition. Is Laxative and aids Nature to expel the Worms. Supplied in candy form. Easy for children to take. 25c. at your druggist.—Advertisement.

## AT THE COURT HOUSE

### EX-WIFE SUING HIM FOR OIL STOCK

Declares Transfer Was Made to Prevent Her Getting Her Share

### DEPUTY'S ASSAILANT SENTENCED TO JAIL

Nicasion Given Six Months; Suit on a \$11,000 Note Begun

Mrs. Marcia A. Brown is suing Albert W. Brown, her former husband, for 25,000 shares of the South Feller Oil Co. stock, alleging that Brown transferred the stock to James A. Pay in order to prevent her while suing for divorce from getting her

rightful share of the property.

The complaint was filed today by Attorneys Keech & Davis and Courtney Lacey. It states that Mrs. Brown secured a divorce in 1913, but that in the proceedings no judgment was entered concerning property rights. It is alleged that prior to the divorce proceedings, Brown had 100,000 shares of stock in the oil company, and that he sold 50,000 shares to Pay and transferred the other 50,000 to him without consideration in order to prevent Mrs. Brown from getting her half of that 50,000 which she declares was community property. She asks the court to decree that she is entitled to 25,000 shares of the stock.

#### Got Six Months

Catarino Nicasio was today sentenced to jail for six months. Before Judge Thomas he pleaded guilty to resisting an officer, and sentence was passed immediately. Nicasio is the Mexican who struck Deputy Sheriff Boynton in the face with a pair of handcuffs. The man was suspected of having stabbed another Mexican, Boynton, who was searching for Nicasio, found him on the Santa Fe tracks near Orange. As Nicasio was being handcuffed he made a desperate attempt to escape.

#### Asserts Its Claim

The Board of Supervisors has received legal notice from Colarley, a contractor, that he has a claim of \$649.60 against the Los Angeles Bridge & Construction Co. for work done on the Talbert bridge, built for the county by the construction company.

#### Foreclosure Suit

Suit to foreclose a mortgage of \$11,000 on a forty-acre ranch has been brought by Augusta B. Fowler against H. J. and O. D. Masters. Finley & Kolb are attorneys for the plaintiff.

#### \$1000 For Christianity

By the will of Lucien W. Allen \$1000 is left to be used in Christian work, the money to be spent as the executors, Milo B. and J. G. Allen, shall see fit. The remainder of the estate, which is valued at \$12,500, is to be divided among relatives of the deceased. C. H. Stanley is attorney for the petitioners.

#### Gives Endorsement

The Board of Supervisors has received a letter from Mrs. W. L. York of La Habra stating that the La Habra W. L. C. had "heartily indorsed" the county library plan as presented by Miss Eddy. Miss Eddy is the state organizer of county libraries.

### IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead or Bladder Bothers

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

### CATTLE CHARGE THROUGH A CROWD

Several Persons Knocked Down by Stamped Animals at El Modena

Fifteen head of cattle charged through a crowd at El Modena last night. Several persons were knocked down and severely bruised, but fortunately none was seriously injured. There was a meeting at El Modena last night in the interests of California Dry.

Near the foot of the grade at El Modena were about fifty cattle from Tom Doyle's ranch in the Santiago Canyon. These cattle were being driven to the sugar beet fields that they might be fed on beet tops.

After the adjournment of the meeting and while a good many people were still on the street, fifteen steers decided to charge. There was a wild scramble of men, women and children, but some of them failed to reach the trees. Several persons were severely bruised. Among them were Miss Mabel Culter, field secretary of the California S. E., and a Jap named Horaguchi. The boy was knocked on a bicycle.

### ALL STAR TEAM TO BUCK ORANGE BUNCH

(By Staff Correspondent)  
ORANGE, July 23.—A team of all-stars from Los Angeles has been picked to line up Saturday against the Orange ball team in what promises to be one of the fastest games of the season. The fans have been keyed up since last Saturday's game when the locals went down to defeat for the first time this season, losing to the Pacific Electric by a score of 4 to 2. The game with the All Stars will be played on the local grounds and should draw a good crowd. The visitors' line-up has not been announced but Orange will play the following men: Callan, c; Lush, p; Pine lb; R. Mitchell, 2b; Lyons, ss; Thompson, 3b; Watson, lf; W. Mitchell, cf; Potter, rf.

Mrs. F. W. Butler and Miss LeVina Ainsworth of Montana are spending the day in Los Angeles.

Miss Vida Morrison and Miss Nellie Pister are in Los Angeles today making plans to enter the state normal school this fall.

Dr. Ida B. Parker and Miss Prince Bibber are expected home this evening from a camping trip to Bear Valley.

Mrs. Alice Inman of Clinton, Wisconsin, who has been spending the last year in Los Angeles, is a guest at the Evan Davis home on East Palmyra avenue.

Mr. and Mrs. J. W. Morrison went to Los Angeles this morning to accompany Mr. and Mrs. Carey Billingsley to San Pedro, where they will take the boat for San Francisco. Mr. and Mrs. Billingsley will remain in the north for several months.

O. B. Thomas and family have returned from their vacation trip to San Bernardino.

M. M. Fishback leaves today for Berkeley where he will spend a few weeks on his vacation.

Among today's Los Angeles visitors were George Gilmore, William Grecht, E. C. Parch, G. G. Richards and A. Guthrie.

A regular meeting of the Royal Neighbors was held yesterday afternoon at the Odd Fellows Hall. Nearly forty members were in attendance.

One new member, Miss Anna M. Heitshusen was initiated into the lodge. A most agreeable time was passed, the business meeting being followed by a raid on Decker's where delicious raspberry sherbet and assorted varieties of cake were enjoyed.

E. H. Smith and family returned yesterday after a week's outing at Newport Beach.

Mrs. O. J. Johnson and daughter Catherine returned yesterday after two weeks visit at Elsinore.

Mrs. F. V. Pruitt and son Charles left today for Huntington Beach where they will remain over Sunday.

Mrs. L. B. Spicer has returned home after a visit of nearly three months with relatives in Missouri and Iowa. An interesting meeting was held in El Modena last evening at which a "dry" campaign was organized. The meeting was addressed by Rev. Sutherland of Anaheim who took such an active part in the recent liquor fight at his home town.

Mrs. S. L. Bentz, formerly of Orange but now residing in Anaheim, was taken to the Santa Ana Hospital the first of the week to prepare for an operation.

Miss Gladys Boyd of Los Angeles who has been visiting here with Miss Florence Flippin has returned to her home.

The new county boulevard through El Modena is now open for traffic as far east as the church.

Mr. and Mrs. Frank Crawford of Altadena visited here the first of the week with their daughter Mrs. G. B. Lancaster.

Mr. and Mrs. G. B. Lancaster, Mr. and Mrs. M. M. Bolton, Mr. and Mrs. G. M. Bartley and Mr. William Feltner are camping for a few days at Campontville.

Mrs. Stephen McPherson of McPherson has gone to Hollywood to spend a few days with her daughter Mrs. Walter L. Vierage.

Superintendent A. O. Hodson of the John T. Carpenter Water Company of El Modena has been granted a leave of absence for his summer vacation.

The John T. Carpenter Water Co. held a director's meeting yesterday at which plans were discussed for the extension of several pipe lines. A

### U. S. CONGRESS MAY PROBE DEPRESSION OF WHEAT PRICES

WASHINGTON, July 23.—Investigation of an alleged conspiracy among dealers and operators in wheat in

Kansas City to depress prices to farmers was provided in a resolution offered by Representative Doolittle of Kansas, favorably reported yesterday by the Interstate Commerce Committee of the House. Mr. Doolittle told the House that for a wheat crop of 180,000,000 bushels producers are getting 63 cents at loading elevators.

Iris, D. M. Monrovia	3.50
Violet, D. M. Monrovia	3.30

Los Angeles Produce Market  
Large watermelons and cantaloupes are somewhat scarce, and consequently show a stronger tendency. The principal reason is increased demand. The call for large watermelons for restaurant and hotel use is particularly good.

The situation as regards plums and peaches is rather easy in character. Some varieties of plums showed a little greater firmness on account of somewhat lighter receipts for the day, but in general the market is a weak one. Satsuma plums are now obtainable at 75 to 85 cents a lug, and may become somewhat cheaper before the season is over; although the crop is not very heavy this year. Apples are meeting a good demand. Bananas are weak. The first Muscat grapes of the season reached the market and brought \$1.50 a crate. Concord grapes, the first of which arrived Tuesday, were a little easier.

—Reduced rate excursions every Saturday to Yosemite. All necessary expenses 10 days, \$45.00, including Mariposa Big Trees, \$60.00. C. A. Wilcomb, agent, 606 South Spring street, Los Angeles.

## ORDINANCE NO. 118

An Ordinance Amending Ordinance No. 113 of the County of Orange

The Board of Supervisors of the County of Orange, State of California, do ordain as follows:

Section 1.  
That Ordinance No. 113 of the County of Orange is hereby amended to read as follows:

Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than five dollars and not more than ten dollars, or by imprisonment in the county jail for a period of not more than ninety days, or by both such fine and imprisonment. This ordinance shall take effect fifteen days after its passage and before the expiration of said fifteen days shall be published with the names of the members of the Board of Supervisors voting for and against the same, for at least one week in the Santa Ana Daily Evening Register, a newspaper of general circulation published in the County of Orange.

Signed by the Chairman of the Board of Supervisors of the County of Orange, on the 21st day of July, 1914.

T. B. TALBERT,

Chairman of the Board of Supervisors

Attest: W. B. WILLIAMS,

(Seal) Clerk of the Board of Supervisors

State of California, County of Orange, ss: I, W. B. Williams, County Clerk of the County of Orange, do hereby certify that a regular meeting of the Board of Supervisors of said County of Orange, held on the 21st day of July, 1914, at which meeting there were present Supervisors T. B. Talbert, Chairman, and the following named persons, to-wit: Fred W. Struck, Jasper Leck and the Clerk, the foregoing ordinance consisting of one section, and that the said ordinance was duly passed and adopted as a whole by the following vote, to-wit:

Ayes: Leck, Smith, Schumacher, Struck, Talbert.

Noes: None.

In Witness Whereof, I have hereunto set my hand and affixed the seal of the Board of Supervisors of said County of Orange, this 21st day of July, 1914.

(Seal) W. B. WILLIAMS,

County Clerk and ex-officio Clerk of the Board of Supervisors of Orange County

Effective June 9th, 1914.

## Ribbons

Just the very best time of the year for Ribbons, and we have some great bargains for you. One lot of Plain and Fancy Ribbons, regular 25c values but you take your choice for .....15c

And another lot of Fancy and Plain Moire Ribbons, values up to 40c, go while they last for .....29c

And all of our Ribbons will be reduced for our big 13 Day Clean-up Sale.

## Corsets

We have been very much gratified with our corset business and to show our appreciation are going to put our entire stock on sale for 13 Big Days. Just received another lot of those Empire Corsets and while they last will sell

50c Values for .....39c | 15c Values for .....11c  
75c Values for .....59c | 25c Values for .....19c  
1.00 Values for .....79c | 50c Values for .....39c

## Laces and Embroideries

We have just received a beautiful line of Shadow Oriental and all Linen Laces and the prices you can buy them at will take them out in a hurry. You simply must see them to appreciate what bargains they are. And our entire stock of Corset Cover Embroidery and Flouncing go while they last.

50c Values for .....39c | 15c Values for .....11c  
75c Values for .....59c | 25c Values for .....19c  
1.00 Values for .....79c | 50c Values for .....39c

## White Quilts

Just received a big shipment from the East, but everything goes for 13 Big Days, so you can buy

1.25 Quilts .....98c | 3.00 Quilts .....2.45  
2.00 Quilts .....1.25 | 4.00 Quilts .....2.95  
2.50 Quilts .....1.59 | 5.00 Quilts .....3.25  
3.00 Quilts .....1.95 | 6.00 Quilts .....3.95

You won't get another such bargain soon.

## Curtain Scrims and Nets

Of course you housekeepers always need curtains, and why not when you can buy such bargains in Scrims and Nets.

15c Values for .....11c | 50c Values for .....39c  
25c Values for .....19c | 59c Values for .....48c  
35c Values for .....27c | Buy now; don't wait.

## Men's Socks and Ties

Now we don't want the men to think they are not in on this, for we handle everything you need except nice suits of clothes. Regular 25c and 35c Neckties go in sale for 19c and our 35c all silk Socks and the kind others ask 50c for go for 13 days for 25c.

## Gloves and Hose

A good Silk Lisle .....23c  
50c Silk Gloves .....43c  
1.00 Long Silk Gloves .....85c

Also see us for Kayser's Silk Gloves. We have a dandy line of Ladies', Misses and Children's Hose, and have reduced the price on every pair in the store. Come and buy enough to last a while.

## Mill Ends and Short Lengths

If you can buy standard goods at nearly HALF PRICE 'tis the sensible thing to do. "Come in and be shown." We sell goods in this department at 8c to 13c that sell in a regular way at 15c to 25c and say, we sure sell 'em.

## Summer Wash Goods

All the warm weather before you, and think of such prices:

20c Ripplette .....13c | 50c Rice Cloth .....25c  
25c Crepe .....15c | 50c Voile .....23c  
15c Gingham .....9c | 25c Ratine .....12 1/2c

And lots of other Wash Goods that we are selling at nearly half price.

## Extra Special

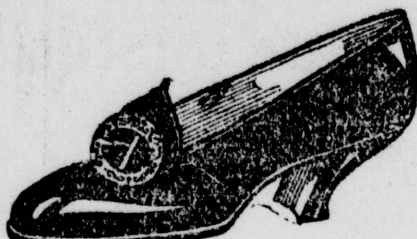

Every day our Extra Special alone will pay you for a visit to our store. We have bought 13 great big ones specially for this Big 13 Day Clean Up Sale. For Friday, July 24, our opening day, we are going to sell

**50 Combination Corset Covers and Drawers at . . . 79c**

A beautiful garment, regular \$1.50 values. Come Friday and be one of 50 lucky women.

In about two weeks our buyer will start East to buy Fall and Winter goods and we want our shelves and tables to be ready for them when they come in, so we have decided to give the good people of Orange County a Big 13 Day Clean Up Sale, which will be the biggest sale we have had since we opened for business in Santa Ana. EVERYTHING IN OUR BIG STORE except Standard Patterns and Kayser Gloves will be on sale at cut prices and this will be a great opportunity to buy high grade merchandise at way down prices. We think we have proven to the buying public that when we advertise cut prices it means cut prices and bear in mind that we have nothing but new up-to-date goods in our store. We have only been in business since last fall so of course have NO OLD SHOP WORN GOODS in stock. Read carefully and then either make out your list or bring this ad. with you.

## Shoes! Shoes!! Shoes!!!

One of the first things we want to tell you about is the Great Big Bargains we are going to give you in our shoe department. Every pair reduced and it will pay you to shoe the whole family. We are proud of our shoe business and know it must be good solid honest shoes at the right prices that has enabled us to sell as many shoes as we have.

20c India Linon .....16c  
25c India Linon .....19c

15c Nainsook .....12c  
25c Nainsook .....19c  
35c Nainsook .....29c  
15c Dimities .....12c  
25c Dimities .....19c

12 1/2c Long Cloth .....10c  
15c Long Cloth .....12c  
20c Long Cloth .....15c  
25c Long Cloth .....19c  
25c Lin weave .....19c

Reduced prices on all Crepes, Rice Cloths, Ratines, Linen Suiting, Linen Sheeting, Linen Tubing and everything in white goods. Also all of our Table Linen and Napkins. Ask to see our Irish Linen half bleached Damask at 53c.

## Muslin and Crepe Underwear

We have certainly had a great business in Muslin and Crepe underwear. Had to have a lot come from New York by express and right now with our real summer weather before us you can buy

1.00 Gowns for .....79c  
1.25 Gowns for .....98c  
1.50 Gowns for .....1.25  
2.00 Gowns for .....1.65  
2.50 Gowns for .....1.98  
3.00 Gowns for .....2.45

COMBINATIONS AND PRINCESS SLIPS  
Just the prettiest lot of Underwear you ever saw.  
"Come in and be shown."  
75c values .....59c  
1.00 values .....79c  
1.25 values .....98c

We are now in our big room, corner of Fourth and Bush, and it is a real pleasure to have you all come see us there for we have room for all. We can only give you a few prices in a page ad, but as we have said before everything but Kayser Gloves and Standard Patterns are included in this sale and you must not fail to come. If you can't come the first day come as soon as you can. Every day will be full of good things. Every day we are getting in new goods and all go right in this sale.

## Men's Shirts

We want the men's business and are going to give them lots of bargains in this 13 Day Clean-Up Sale. One of the best is our entire line of \$1.00 Dress Shirts at 79c. Now come in and buy several—we have them in all styles and a big assortment of patterns.

## Men's and Boys' Furnishings

We are going to sell for 13 Big Days

Undershirts .....23c | 50c Undershirts .....43c  
Drawers .....23c | 1.00 Union Suits .....89c  
Union Suits .....45c | 1.00 B. V. D. pattern .....79c

And have cut prices on everything in Underwear. Gloves, Suspenders, Working Pants, except Overalls, Socks and Handkerchiefs. Come, men and boys, and get your share of good things.

## Hats and Caps

We have a big stock of Hats and Caps and every one of them goes at the following prices for 13 Big Clean-Up Days.

\$5.00 Stetson Hats .....\$3.60 | 50c Boys' Hats .....39c  
\$4.00 Stetson Hats .....\$3.35 | 25c Boys' Caps .....19c  
\$3.00 Men's Hats .....\$2.40 | 50c Caps .....39c  
\$2.50 Men's Hats .....\$1.95  
\$1.50 Men's Hats .....\$1.19  
1.00 Men's Hats .....85c  
1.00 Boys' Hats .....85c

And we have just received a big lot of Cloth Hats and Caps, 10 per cent off.

## Ready Made Dresses Kimonas, Aprons and Middies

Have just received a lot of Dresses, Aprons and Middies bought specially for this Big Sale, and you will wonder how we can sell them so cheap. If you don't want to sew come and buy you a Dress, Kimona or Apron or Middy ready made. Every garment made first class.

## Blankets and Comforts

We find California is an all-the-year-round state for Blankets and Comforts. For 13 Big Days you can buy any comfort or blanket in our store at reduced prices. We have Blankets from 68c up and Comforts from \$1.23 up.

## Sweaters

For your beach and mountain trips you will need a Sweater. We have sure sold lots of sweaters, and have been way under the price of others but that is neither here nor there. For 13 Days they will be reduced. Don't miss the opportunity.

## Bathing Suits, Caps and Shoes

And while you are at it come right to us for your Bathing Suit, Cap or Shoes. The knife goes into them also and you can buy them during our Clean-Up Sale at reduced prices. Suits for Men, Boys and Ladies.

## Trunks and Suit Cases

We just got in last week a nice lot of Trunks, Suit Cases and Telescopes but into the sale they go and you save ten per cent on any you may select. If you are going to need either Trunk or Suit Case you should "Come in and be shown."

## Ladies' Goods

We have a beautiful lot of Collars, Barrettes, Braid Pins and other accessories for the ladies, and every one of them goes into this 13 Day Sale.

Don't fail to buy one of those beautiful Leather Bags, \$2.50 values for .....\$1.39

Or a beautiful Mesh Bag at our cut prices.

## Bargains in Show Cases

Having bought all the fixtures of the Santa Ana Book Store we have more show cases than we need. Will sell a few.

5-foot Floor Show Cases, 42 inches high, each .....\$10.00  
8-foot Floor Show Cases, 42 inches high, each .....\$13.00

# TAYLOR'S CASH STORE

Corner Fourth and Bush Streets, Santa Ana  
"THE BIG STORE OF BIG VALUES"

SANTA ANA, CALIFORNIA, THURSDAY EVENING, JULY 23, 1914.

## SURF FISHING FINE THIS SEASON

Rock Fishermen and Surf  
Anglers Not Handicapped by  
Phosphorescent Water

WATER MAY CLEAR  
AT ANY TIME NOW

Tuna a Month Earlier Than  
Last Season—Three  
Caught Sunday

"If you are lucky you catch fish,"  
To apply to the present season no  
more truthful saying could be found.  
The red, or phosphorescent, water  
is playing hide and seek with the  
angler. Aided by a strong six-mile  
current miles off, this muddy water  
is shifting up and down the coast,  
altering the clear reaches of water  
continually.

Phosphorescent water has not inter-  
fered with the excellence of close-in  
sport. Surf fishing has never been  
better and the rock fishermen have  
made fine catches of bass and sheep-  
head.

A general clearing up of the water  
may be expected at any time as the  
phosphorescence seldom stays later  
than the middle of July. A number of  
record catches of surf fish have been  
made at Serra and Mateo during the  
clear spells and sportsmen will wel-  
come a return to their favorite sport.

Also, the favorite camping ground  
of the rock fishermen, is being well  
patronized this season. Fine fishing  
can be had from the rocks or beaches  
and bait is always easy to obtain. The  
temporary change of the Laguna road  
to the coast route from San Juan  
through Aliso and Arch Beach to La-  
guna will acquaint anglers with a  
stretch of beach hitherto little known  
to them before the opening of the  
road. The finest surf fishing on the  
South Coast is to be found along this  
new route. Ideal camping places  
also abound along the route.

Newport Beach had a fine run of  
mackerel last week. Halibut and  
bass were plentiful. The appearance  
of hundreds of schools of bait in the  
vicinity means a continuance of good  
fishing. Mackerel, bass, halibut and  
yellowtail are sure to be following the  
bait and as this is the first appear-  
ance of bait in any quantity this year,  
prospects are exceptionally fine for  
wharf fishermen.

Followers of deep sea fishing are

## Stags Will Have Another Chance at L. A. Tigers

According to "dope" received  
late yesterday evening Deck's  
Stags will meet the Los Angeles  
Tigers again Sunday, August 2.  
This will be the first game that  
the Moose will play after next  
Sunday's lay-off.

"We can beat the Tigers," said  
Deck, when he was asked how it  
came about that he had gotten a  
return game with the Angel City  
nine so soon after having lost to  
them. "I know that my bunch  
can play rings around the Tigers,  
especially after Brown's arm has  
a chance to get well."

On Sunday, August 9, the Stags  
will meet the Torrance team.  
Charles Ott, the first-baseman-  
manager of the Torrance sluggers,  
was in town yesterday and made  
arrangements for the forthcoming  
session. Ott is well known here,  
having lived in Santa Ana for  
some years prior to moving to  
Torrance.

coming into their own. Albicore and  
Benito are plentiful. Good catches  
were made Sunday and fish were re-  
ported in abundance either way from  
Newport.

The first Golden Fin tuna of the  
season were taken Sunday by Percy  
Thelan, of Santa Ana. Thelan's  
speedy thirty-footer and the "9-9"  
sighted the tuna off Abalone Hill.  
The two boats worked the school for  
over an hour, neither taking a fish.  
The "9-9" then gave up the chase and  
returned to Newport after making a  
good catch of albicore. Thelan stayed  
with the tuna and was rewarded for  
his perseverance by landing three of  
the "gamest fish that swim."

Tuna are a month earlier than last  
season. The first tuna taken off the  
Orange county coast last year was  
caught by William Hall during the  
first week of September. The first  
taken on light tackle was caught by  
Victor Walker from the launch "9-9."  
The arrival of the Golden Fin tuna  
was welcome news to William Cheney,  
champion of the Orange County Rod  
and Reel club. "Wild William" de-  
clared a week's holiday on his ranch  
and moved his family to Newport.  
It is a safe bet that he will land the  
first big tuna with light tackle for the  
present season.

## Eases Torment of Asthma and Hay Fever

For the discomfort and misery of  
asthma and hay fever use Foley's  
Honey and Tar Compound. It puts a heal-  
ing, soothing coating over the swollen,  
tickling membranes, and eases the  
throat and choking sensation. Helps  
you to breathe easily and naturally.  
Mrs. Agatha Longacker, Fond du  
Lac, Wis., says: "My left lung was  
greatly affected by a severe cold, and  
one-half bottle of Foley's Honey and  
Tar cured me." Refuse any sub-  
stitute to be offered. Wingood's Drug Store—  
Advertisement.

S. A. V. I. CO. BULLETIN  
Run No. 2 yesterday was in ditches  
H, J, and J2, and is in ditch P2 to-  
day.

## NEXT SMOKER IS SMITH MOUNTAIN DUE TUESDAY AUG. 4 RUN FOR GAS BIKE MEN

Certain That Whirlwind Perry  
Yants Will Meet Art Reed  
of Brea

Those interested in the boxing and  
wrestling game will be pleased to  
learn that the next Athletic Club  
smoker will be held on Tuesday even-  
ing August 4. The evening has been  
changed from Wednesday to Tuesday  
so as not to conflict with the band  
concerts held on that evening. All  
will thus be enabled to attend both  
entertainments.

The coming smoker will consist of  
several bouts with the usual pep and  
quality. Perry Yants of Los Angeles,  
who has been showing to advantage  
lately, will meet Art Reed of Brea.  
Reed has had several bouts and so far  
managed to draw or come out on top.  
These two boys should make a good,  
interesting match.

John Burrell of Santa Ana and  
Jimmy Martinez of Anaheim, will  
again come together. These two boys  
met recently and the speed display-  
ed by them would make many of the  
so-called champions look slow. Their  
motto seems to be "no clinching, no  
hugging, no holding, but plenty of  
stepping, jumping and hitting."  
Oran Snodgrass, the youngster with  
a wallop in either hand, and Grover  
Deacons, the 160-pound man who ap-  
peared in the ring some time ago  
against Hendricks of Orange, will  
both be matched up with out-of-town  
boys. Several other bouts are yet to  
be arranged.

There will positively be a good  
wrestling match on the program of  
the next show unless sickness or ac-  
cidents prevent the contestants from  
getting together.

These shows are conducted regular-  
ly every three weeks and only the best  
talent procurable is presented to the  
public. They are conducted along  
good, clean, sportsmanlike lines. The  
rough and rowdy spirit so often found  
in places of this kind, is entirely  
eliminated and with the proper co-  
operation of the patrons and fans a  
good, clean, wholesome sport is being  
made to flourish.

## TUSTIN MAN BUYS A LOZIER—LOCAL MAN FIRST IN SALES RACE

H. M. Rogers, salesman for R. L.  
Draper, reports the sale of another  
Lozier "four," made this week to W.  
C. Mitchell of Tustin.

Mr. Rogers is in receipt of a letter  
from the Lozier factory informing  
him that he is now in first place in  
the nation-wide automobile selling  
contest which the Lozier company is  
conducting. Last month Rogers was  
second in the contest.

Herold Plans Another Big  
Trip; Invites Riders of All  
Make Machines

All motorcyclists who are looking  
for a good time, a fine ride and an  
excellent chance to try out their ma-  
chines are requested to be at Sixth  
and Main at Herold's Indian Shop at  
5:30 a. m., Sunday. The more the mer-  
rier—a variety of makes of machines  
makes the trip more interesting.

The trip is to Smith mountain, near  
the Palo Indian reservation in San  
Diego county. The roads are fair.  
Some places are bad and some good  
between Santa Ana and the boulevard  
in San Diego county. The mountain  
is a good fair test for the pulling power  
of the machine. The weather,  
which ended in rain the last time the  
trip was attempted, should be fine.

To avoid delay, breakfast will be  
had in Capistrano and lunch at Palo.

At present the number of riders  
who have signified their intention to  
go, is about half that which started  
last time. It is hoped that more ride-  
rs from the other shops will go when  
they hear of this trip. Good-natured  
rivalry is the life of an motorcycle  
run, and Herold wants them all, no  
matter what they ride, to be on hand  
Sunday morning.

## FAST BOXING AT OIL TOWN

Snodgrass, Fighting Midget of  
Santa Ana, Gets Decision  
From Angel City Boy

(Special Correspondence)  
BREA, July 23.—About 400 boxing  
enthusiasts attended the smoker and  
boxing show given last night under  
the auspices of the local lodge of Macca-  
bees. The card was one of the best  
ever given anywhere in the county.

A well delivered straight right to  
the jaw from Red floater Clabby in  
the third round of what was to have  
been a four-round battle. This bout  
was one of the fiercest ever staged at  
any smoker in the county. Both boys  
were from Orange. Clabby went into  
the ring weighing 158 pounds, while  
Reed weighed in at 170.

The bell was all that saved Art  
Reed, the Brea boy, from a knockout  
by McEwing, of Los Angeles. Reed  
was groggy in the second and went  
down at the end of the third. McEwing  
weighed 140 pounds and Reed 135.  
Another really first-class bout was  
put on by Paddy Mills of Los Angeles  
and a boy named Sypher, who out-  
weighed the former by about fifteen  
or twenty pounds. The two boys  
showed a lot of speed and cleverness  
and Mills was given the decision at  
the end of the fourth.

Snodgrass, the fighting midget from  
Santa Ana, added another victory to  
his rapidly growing list, by being  
awarded the decision at the end of a  
four-round bout with Caple of Los  
Angeles. The Santa Ana boy had  
Caple wobble in the third and fourth  
and his getting the decision was a  
matter of course in the estimation of  
the boxing bugs.

Thomas and Mills, the colored  
heavyweights from Los Angeles, fur-  
nished two rounds of milling. Mills  
knocking Thomas through the ropes  
for the count in the second period.  
Woodward and Sanbury boxed four  
rounds to a draw at 110 pounds.

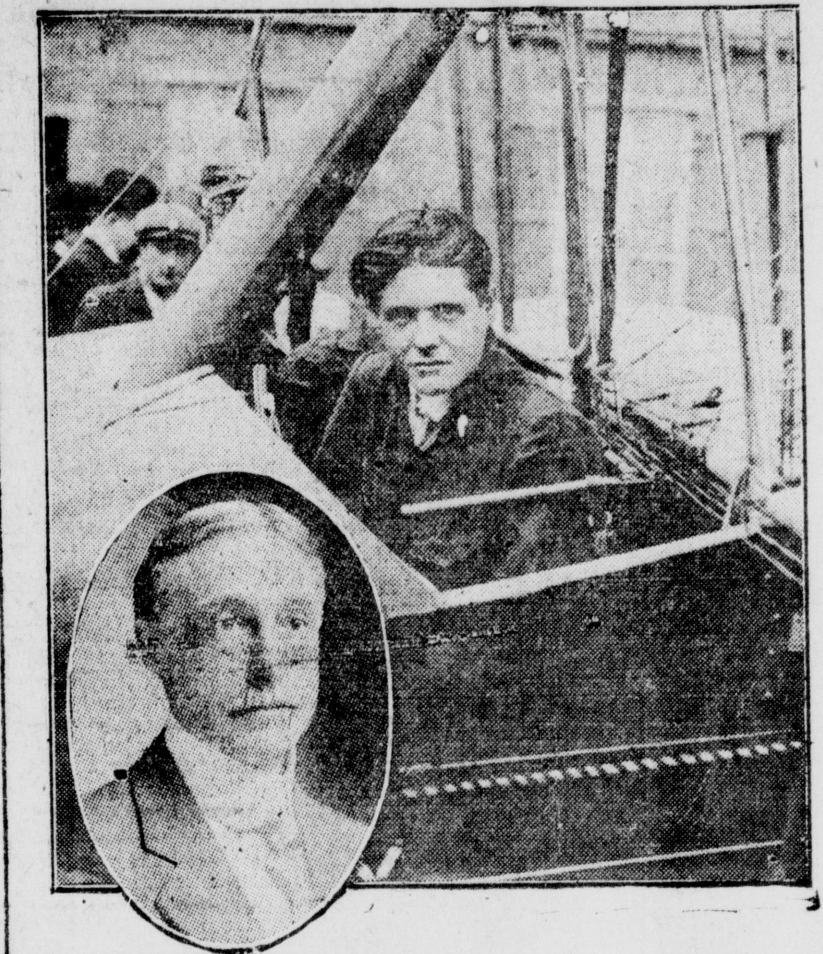

## AGENCY FOR THE NEW BRISCOE CAR

Mr. W. O. Gates, wholesale manager  
for the Pacific Kissel Kar Branch, dis-  
tributors for the much heralded Bris-  
coe car is in town and before leaving  
will appoint a representative for this  
territory.

The new Briscoe has a unit power  
plant, 3 point suspended, the four  
cylinder block motor having cylinders  
of L type 3 1/2x5 1/8. Cylinders  
and crank chamber form a single cast-  
ing, the bottom part being a pressed  
steel oil pan seated in position.  
The carburetor is of special design  
which eliminates troublesome adjust-  
ment and is very economical. The  
cooling is thermosiphon with a pro-  
peller type fan. The fly wheel con-  
tains the leather faced cone clutch  
and a very compact three speed gear  
box is carried by crank case arms.  
Control is center and steering is left  
hand.

The lighting and starting generator  
is driven from the gear box. Final  
drive is by propeller shaft to the float-  
ing axle. Springing is by long semi-  
elliptic springs front and rear. The

## THE SPERRYS, FATHER AND SON, WHOSE AEROPLANE STABILIZER MAY REVOLUTIONIZE ART OF FLYING

Elmer A. Sperry, in Oval; Lawrence Sperry in Hydroplane, Operating  
Stabilizer Under Hood

If Elmer A. Sperry and his son,  
Lawrence, inventors and construc-  
tors of a stabilizer which makes  
aeroplane flying easy, can finish the  
job in time, the Wanamaker sea-  
plane, America, in which Lieuten-  
ant J. C. Porte will try to fly across  
the Atlantic, will carry one. Mr.  
Sperry went to Hammondsport last  
week to consult with Glenn H. Cur-  
tiss, builder of the America, and

Lieutenant Porte. Mr. Curtiss be-  
lieves that the stabilizer is a won-  
derful invention.  
In an aeroplane equipped with one  
Lieutenant Gilmore, the British  
naval attaché in Paris, went up  
without ever having had a lesson  
and he piloted the craft with ease.  
Henry Woodhouse, editor of Flying,  
said the stabilizer makes an aéro-  
plane storm-proof and independent  
of human limitation.

## FOLLOWER OF GAME TELLS THE PIGSKIN FANS NOT TO WORRY

Says "Big Spud" Greatest Halfback in  
Southern High Ranks; Picks Him  
for All California Team

(BY A CLOSE FOLLOWER OF THE GAME)

In looking over the Register's last  
week's "Pink sheet," I saw these  
words: "Santa Ana football prospects  
not the kind to be jubilant over." If I  
am of the right opinion the prospects  
for Santa Ana next season are very  
promising, in spite of the fact that  
the vacancies left by Selph, Bill War-  
ren, "Durham" Walters and several  
others are hard to fill.

Now, looking from the past to the  
future, it is my opinion that one of  
the strongest teams that has repre-  
sented Santa Ana High in recent years  
will be in the field when the curtain  
rises this fall.

Last season the one weak place in  
the Santa Ana line-up, as far as I  
could see, was mostly in the line. The  
back field, I dare say, was speedier  
and got away with the ball quicker  
than any other high school in the  
South.

When Poly's coach gets ready to  
pick his team he will have, in McCow-  
an and Fall, two scrappy centers.  
Plenty of material is on hand for  
guards. A young giant weighing 214  
pounds, who hails from Huntington  
Beach, will be given a trial while the  
other guard will likely go to Kings,  
a speedy man who comes from Texas.

The tackle position is one that  
should not worry any coach. Catland  
and "Stew" Stewart will probably go  
out for right tackle, while left tackle  
undoubtedly will go to "Dutch" Hol-  
zgraf, the heavy-hitting tackle and full-  
back. Anderson and Burkett at end

will be a pair of punt getters hard to  
beat.

Although reports are out that Ander-  
son will go to Long Beach, he says  
he has something up his sleeve for  
Poly and if the right inducements are  
made will be on the Santa Ana team  
next season.

Now, the backfield. Robinson says  
he will very likely be back next sea-  
son, during football at least. He will  
probably go to right half.  
"Big" Spud, the greatest halfback  
in the high school ranks of the South,  
will hold down his old position at left  
half. During the past three years  
of football "Big" Spud has never been  
laid out—which is some record. Next  
season we will undoubtedly see  
"Spud" on the All California team.

Fullback will be a puzzler for the  
coach. McClain is anxious for a berth  
on the Varsity, while it is said  
"Uncle" Carver is dreaming of what  
he will do at "Full" next season.

Last season Holzgraf was played  
at fullback and played a smashing  
game, but owing to injuries he receiv-  
ed he will be unable to play that po-  
sition this coming season.

Reports are out that "Si" Eaton,  
last year's quarter, will be back—  
here's hoping. "Little Spud" and  
Midget Brown are also billed for  
quarter. These three men should not  
cause the coach any fretting.

Now, if this bunch of fellows aren't  
worthy of recognition I miss my  
guess.

## BURNS HAND IN A PRESTO TANK FIRE

Bert Drake, one of the proprietors  
of the Santa Ana Vulcanizing Works,  
met with a painful accident yester-  
day afternoon, and one that might  
have been more serious.

While trying to locate a leak in a  
prestolite tank he held a lighted  
match near a broken joint, where  
the pipe connects with the tank, ig-  
niting the escaping gas. In an in-  
stant the flames enveloped the front  
end of the auto and it looked like  
an explosion was inevitable. With rare  
presence of mind, Drake seized a fire  
extinguisher and soon put an end to  
the blaze, with only slight damage to  
the car.

Drake got off with a slightly burned  
hand which, though painful, is not  
serious.

## CANYON ROAD SPLENDID JOB

Canyon Not Closed, But North  
Side Available Road is  
Far From Good

UPPER HIGHWAY IS  
GREAT IMPROVEMENT

Party of Santa Anans Highly  
Pleased With What They  
Saw

Of all the highways that are being  
built by Orange county, the one that  
has been built with the greatest  
change in grades is that in the Santa  
Ana Canyon this side of the River-  
side county line.

Of all the highways, the one that is  
of the most interest to the people of  
Riverside and San Bernardino coun-  
ties and to many Orange county peo-  
ple is the Santa Ana Canyon road.

Of all the highways under construc-  
tion or to be constructed the one that  
has been subject of most inquiry re-  
cently is that in the Santa Ana Can-  
yon.

Merely to see what the road that  
has been built looks like and to gath-  
er information for the benefit of them-  
selves and others, a party consisting  
of Fred A. Ross and L. C. Dressbach  
of the William F. Lutz Company, Wil-  
liam McCulloch, Frank Remsburg and  
T. E. Stephenson left Santa Ana Tues-  
day afternoon about 1:30 o'clock for  
the Santa Ana Canyon. They travel-  
ed in one of the Lutz company's new  
Studebakers, a Six, and it might as  
well be said here as anywhere that  
the Studebaker Six was right there  
every foot of the way, and that the  
way included plenty of sand and  
chucks and a few places steep enough  
to be worth mentioning as the Stude-  
baker went up on the high. There  
was one chuck in particular, covered  
with dust, that would have broken the  
Studebaker's springs if there had been  
any break to them.

Can Go Up Canyon

Many people have an idea that au-  
travel up the Santa Ana Canyon is  
now impossible. That is not the ex-  
act truth. The familiar road on the  
south side of the canyon is closed,  
and has been closed for several  
months, and will be closed for about  
two months longer, but the meander-  
ing road on the north side of the  
canyon provides a way by which one  
going from Olive to Corona can get  
through without having to go around  
by way of Brea and Pomona.

It is not the best road in Orange  
county, not by a long way. Neither is it  
the worst, and that is some consol-  
ation about the time your wheels drop  
into a rut that seems to reach half  
way to China. Fortunately the num-  
ber of bad roads in Orange county is  
rapidly growing fewer and further be-  
tween. By the end of another year  
Orange county will have fewer poor  
roads in proportion to its mileage than  
any other county in the state, except  
San Francisco, which is all city.

To go from Olive to Corona right  
now, one takes the old Santa Ana  
Canyon road from Olive as far as the  
road that turns north and crosses  
the Santa Ana river over the Yorba  
bridge. Cross to the north side over  
this bridge, turn to the right and fol-  
low the narrow road that runs most  
of the way alongside the Santa Fe  
tracks. This road is kept up the can-  
yon to a point half a mile above the  
point opposite the entrance of Gyp-  
sum Creek, which comes into the  
Santa Ana river from the south.

The North Side  
Most of the way this meandering  
road on the north side of the river  
is but one "track" wide, and if a team  
or machine is met the chances are  
that one or the other will have to get  
out into the brush, weeds or rocks.  
The Santa Fe tracks are crossed four  
or five times, and one of these cross-  
ings is bad enough to scare the day-  
lights out of a novice at the wheel.  
There is a right-angle turn up a steep  
ascent to a rather rough crossing, and  
a dive off the other side with a  
right-angle turn to be made at the  
foot of the dive, and a hole awaiting  
the driver who fails to make the turn.

A large share of the road is in as  
good condition as was the old road  
on the south side of the river. There  
are a few sandy places, one of them  
close to the bank of the Anaheim  
Union Water Company's ditch.

This road passes by the adobe  
ruins at Old Santa Ana, and from it  
one gets sight of some pretty vine-  
yards and orchards. At Horseshoe  
Bend, where the road curves around  
the bend with the Santa Fe tracks  
well up on the hillside above, a good-  
ly acreage has been set to apples.

On a Real Road  
Crossing the river bottom below the  
water company's intake, the road leads  
on to the recently completed section  
of the county's good roads on the  
south side of the river.

The first contract of two miles

(Concluded on Next Page)

## OLDS MOTOR WORKS

Lansing, Mich., U. S. A.

June 30th, 1914.

C. E. Isaacson & Son,  
Santa Ana, Cal.

Gentlemen:—Effective August first, the new Model 42, which  
will come through production at that time, and on which will be  
added many improvements such as 112 inch wheel base, one man  
top, higher backs to seats, more leg room in tonneau, etc., the list  
price will be reduced to \$1285.00 net F. O. B. Lansing, Michigan.

Reduction in price which we announce will not in any manner  
decrease the quality of the Model 42. If anything, its quality has  
been increased.

The enormous demand created by the 200 sample cars shipped  
has permitted us to engage in much broader and more extensive  
manufacturing plans than we had at first contemplated. This in-  
crease in production has permitted us to reduce the cost as above  
listed.

We feel, and we believe you must agree with us, that the Olds-  
mobile Model 42 at \$1285.00 insures it to be one of the season's  
best sellers.

Yours very truly,

J. V. HALL,

General Sales Manager.

It's Coming!

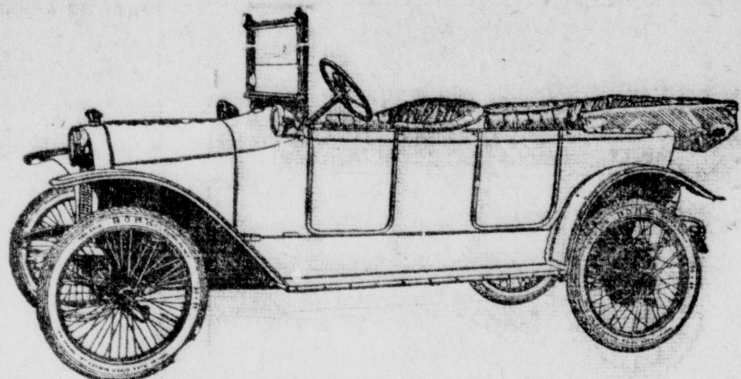

Look for It Tomorrow!

# THE BRISCOE CAR

Will be on exhibition in Santa Ana all day Friday, July 24, at Rossmore Hotel, in charge of W. O. Gates, wholesale manager Pacific Kissel Kar Branch.

\$995

LOS  
ANGELES

\$995

F. O. B.  
LOS  
ANGELES

The Briscoe Car is not merely an Automobile Among Automobiles—it is a Work of Art.

In the Briscoe Car design there is comprehended a perfect correlation of parts. When it finally does wear out (and it should wear twice as long, at least, as ordinary cars.) It should theoretically, wear out all over at once. For we have striven to make each part as strong as every other part. It has not, for example, a ten-year motor and a six-months axle, a ten year body and a two-year top. It may justly be called The Correlated Design.

## Specifications

Wheel base, 107 inches. Tread width, 56 inches. Weight of car, 1700 pounds. Axles, front, Continental type; rear, full floating. Capacity, five passenger touring car; three passenger roadster. Upholstery, high quality leather. Painting, French gray. Motor, Bloc "L" head type. Size cylinders, 3 1/2 by 5 1/8 (80x130). 3-point suspension. Transmission, unit with motor. Speeds, 3 forward and reverse, selective, center control. Clutch, leather faced cone. Steering, left hand. Wheels, wire (wood optional).

## Notice to Dealers

Don't delay in arranging for territory yet unlotted. Our proposition is especially attractive. If you are this representative and want to make a profitable addition to your business which will become a permanent asset, we will be glad to meet you NOW.

## CANYON ROAD SPLENDID JOB

(Continued from Preceding Page)

Southwest from the county line has been practically finished down to Gypsum Creek, and it is a mighty good road.

Those in the party familiar with the old road as it was before the good roads work began had difficulty at times in locating.

"There used to be a steep place," "That was a mean turn."

"Got stuck there once."

These remarks will be heard frequently by people going over the new road.

To begin with, the road is wide, hard and with hardly enough grade to make it interesting. Rails have been placed where there is a drop at the edge down toward the running river. The solid mountain has been torn away to make road.

A large part of the completed road over which there has been some travel by people using the road on the north side of the canyon in order to get through as is hard and as smooth as a paved road. This is not an exaggerated statement.

The old cobblestone hill was blown up with dynamite, and the road goes through what was the hill instead of around.

### Was a Bad Place

One of the bad places in the old road was the 150 yards of sand at the mouth of Gypsum Creek. That is eliminated, or rather is being eliminated. The new road is built to Gypsum Creek well up on the mountain side. Gypsum Creek is spanned by a concrete bridge, still wet in the forms. The approaches are still to be built. A mile or two down the canyon the steam shovel could be seen at work.

The second contract is for about four miles of road down the canyon from Gypsum Creek. Highway Engineer Finley estimates that that section will be completed in about sixty days, after which travel on the regular canyon road will be resumed.

That will end the work in the canyon for the present. One of the last contracts that the Highway Commission will let will be that from the southwest end of section 2 to Olive. The reason for this is that by waiting the commission and engineer hope to be able to pave that portion of the road.

The original plans upon which \$1,270,000 bonds were voted by the county called for a dirt road from Olive to the Riverside county line in the Santa Ana Canyon. The present indications are that the commission will build all of the roads called for in the original plans and will have about \$100,000 left over. If there is enough money left over to do the things the commission wants to do, the road above Olive to the good roads work now under way will be paved with concrete and a wearing surface.

### Splendid Drive

But even if the road is not paved, even if it is only put into as fine shape as that now completed, no man can kick. It is a wonderfully fine road, a splendid road. One might use more adjectives, and still not convey the full meaning of the advantages that the new road has over

## Sporting Briefs of the Week

[By Hal Sheridan]

NEW YORK, July 23.—Canada and Australasia will start an argument in Chicago today which will not finally be settled until answer is given to the question of whether the latest charge on Uncle Sam's collection of sport trophies is to be successful.

The tennis players from the Antipodes and the Canadians will fly at each other's throats for the honor of having a chance to lift the Dwight F. Davis cup. It is generally conceded that the Australasians will win. The team representing Australia is one of the strongest combinations that could possibly be formed outside of the United States. Whether they will prove superior to the best Uncle Sam can muster will be better answered after August 15 when the international matches will be history.

Anthony F. Wilding has three times held the world's title. In the international matches last year Morris E. McLaughlin of California played in such form that it seemed he certainly was unbeatable. McLaughlin went to England and Wilding promptly took his measure. But worse yet, teamed with Wilding in the Australasian combination this year is Norman E. Brookes. In the All England championship played recently Brookes beat Wilding. Other members of the Australasian team are Alfred W. Dunlop and Stanley M. Doust. The latter was a member of last year's Davis cup team from Australasia. McLaughlin had little trouble defeating him.

The American defenders of the Davis cup have a much harder task cut out for them next month than McLaughlin, R. Norris Williams and Harold Hackett faced last year. It has been taken for granted that McLaughlin will head this year's team of defenders. Williams will also undoubtedly have his place on the firing line. There has been a scramble in the east for the other positions, with Robert Lindley Murray, a new California meteor, Johnson of the same state, Thomas J. Bundy and William J. Clothier leading.

Some of the local championships are also threatened by the Australasians. After finishing with the Canadians, Brookes and Wilding will compete in the Western doubles. If successful there they will probably enter the matches to determine who shall challenge McLaughlin and Bundy, the present national champions, for their title.

As the dog days approach and the burning sun parches the fields in the big show, as well as those lurking in the old.

All of those who have been over the old road remember the place where a spring on the mountainside gave forth water for the thirsty traveler. At that point William Chandler was found in charge of a concrete gang building a concrete trough for the use of thirsty animals, with provision for water for the thirsty human beings who will stop there.

Chief Engineer Finley states that a road has been kept open most of the time on the south side of the river, but that it is a bad road and sometimes it is closed, so that a person willing to brave the road might find disappointment in getting through.

After taking the trip, Ross and Remsburg said that as that road now stands, they would prefer taking it, going around by way of Pomona

the bushes, minor leagues begin to curl up and show signs of distress. This year is no exception. One thing, it is a little bit worse than the minor leagues have struck in some time. A refreshing shower in the shape of ready money is needed in a dozen different spots if the struggle is to be carried to anything like a successful conclusion.

Only recently the New England, Tri-State, K. I. T., South Michigan and Central Leagues have shown signs of having their bearings burned out. The K. I. T. dropped two towns because the managements were unable to guarantee salaries. The Springfield club of the Central league has sought the protection of a receiver. One club in the New England outfit has gone bankrupt. The South Michigan league has lost Toledo, the management there tiring of pouring money into a bottomless pit.

Not many years ago it was nothing unusual for a number of minor leagues to go up the line right after July 4th. But the promoters had looked forward to their demise along about this time so it did not come with any particular shock. They were laying for the holiday money and having copped that expired without a struggle. When the major leagues began fabulous prices for minor league stars, however, times changed. One good man developed in the course of a season, meant enough money to carry a club owner over the rough places. Those good old days have passed. At least they are sadly lacking this season. The Federal league cutting in and offering the boys in the bushes more money than they could get in the Majors has had a decided chilling effect upon sales.

In addition there are complaints that the usual interest is not being displayed this season. Organized baseball holds the Federal league responsible for this. They say the Feds have shaken public confidence in baseball as a sport. They make no cry of bad business conditions, "psychological" or otherwise. A tragedy has occurred in Baltimore and this is also laid at the doors of the Feds. No one in the outlaw organization is endeavoring to escape responsibility for it either. They are proud of it. With one of the best teams ever put on the field by a minor league, Jack Dunn of the Orioles, has simply been driven to the wall by the Federal invasion of his town. Dunne has now sold off all his best players. He was leading the league but was simply playing to empty seats, which isn't exactly a nourishing condition of affairs.

In order to reach Corona or Riverside. It is bad in spots, narrow nearly all of the way, but even at that they said that they would take it and save time and distance, but they say that it is no road for an inexperienced driver.

### A PERFECT CATHARTIC

There is sure to be a wholesome action in every dose of Foley Cathartic Tablets. They cleanse with never a gripe writes: "I lately had occasion to use a liver medicine, and took Foley Cathartic Tablets. They thoroughly cleansed my system, and I felt like a new man—light and free." Chronic cases of constipation find them invaluable. Stout people are relieved of that bloated, congested feeling, so uncomfortable especially in hot weather. They keep your liver busy. Win-good's Drug Store.—Advertisement.

## HINTS ON THE CONDITION OF COUNTY ROADS

Road conditions in Orange county as far as paving operations are concerned remain practically the same as reported in last week's "Pink" Register.

According to information received today it is likely that the West Chapman-street bridge will be opened some time the first of next week. Until the bridge is opened to traffic it will be necessary to go to Anaheim by way of Seventeenth street or via Olive.

The direct road from Anaheim to Fullerton is still closed. Motorists are advised to turn east at the intersection of Los Angeles and Center streets, Anaheim, in order to get to Fullerton. Follow the boulevard until the northeast corner of the Chapman ranch is reached and then take the paved highway straight into Fullerton.

Paving is still in progress north of Fullerton. Take Brea and La Habra or Artesia route.

Automobilists should bear in mind that the road to San Juan Hot Springs is in bad condition, owing to road work being done in this section.

To get to Riverside and San Bernardino turn to the left about three miles above Olive, near Yorba, and follow the railroad for about five miles. After this, when the Santa Ana Canyon is reached the roads are good. Boulevards are reached after leaving the canyon and the remainder of the traveling to Riverside and other inland cities is excellent.

The best way to get to the Orange County Park and other points in the Santiago Canyon is to take what is known as the old road, the one to the north of El Modena.

Although highway work on the Newport Beach road is rapidly going ahead the highway has not yet been opened up to the east of Thurin. Beyond Thurin, however, as reported last week, the road is open and traveling to the beaches is first class.

It was reported yesterday that two miles of the Laguna road paving had been completed and that the contractor expects to have the road to this beach from El Toro through the El Toro Canyon open by August 10. For the present, however, the only way to get to Laguna is to go via Capistrano and along the coast, the road through Aliso Canyon being practically impassable.

### THE LONG ISLAND

TENNIS TOURNAMENT  
EDGEMERE, L. I., July 23.—Tennis stars from many summer colonies along the Sound and several of the leading players of other sections of the country contested here today in the annual invitation tournament of the Edgemere Tennis Club.

**Economical Light Weight SIX \$1575**

The manufactured Studebaker SIX gives you quality and value that the assembled Six can never attain

The one incorporates perfection of alignment and balance, due to Studebaker-manufactured parts, necessarily foreign to the other.

That means elimination of vibration and perfect road-ability, in the Studebaker SIX. Great volume of Studebaker SIX production means manufacturing economies, and resultant quality, that the assembler cannot meet by increased production or lowered prices. Heat treated steels, manufactured parts, in greater proportion than any other car, spell value in the Studebaker SIX greater than in any other car at any price—assembled or manufactured. Send for the Studebaker Proof Book, describing Studebaker manufacturing methods.

## DECK'S PLAYERS WILL REST SUNDAY

Midge Brown Has a Lame  
Wing—Duhart and Walters  
Are Limping

DECK PLEASED WITH  
YOUNG LEAK'S WORK

McGaffey Will Be Absent for  
Month or Two—Leak  
May Catch

BY HOMER RUNNE

Deck, the local ball baron, is going to give his Stags another rest Sunday. This is owing to the fact that Midge Brown has an extremely painful "wing" and that both Duhart and Walters are suffering from sore under-pinnings.

Brown's arm has been giving him a lot of trouble lately. He says that invariably after pitching a game he feels a soreness in his shoulder and this sometimes lasts for an entire week. Deck hopes that by giving Brown and Duhart and Walters as well as the others of the team a chance to recuperate better games will result when the sessions at the Moose ballyard are resumed.

The local manager is wearing a wide smile these days as a result of his acquisition of Leak. This young chap is by no means devoid of experience as he proved to everyone's satisfaction last Sunday when he pounded out a couple of two-sack knocks and a neat sacrifice. According to Deck it looks as though Leak will be needed to do the grasping for McGaffey, who will be engaged every Sunday from now on until the end of the season at one of the sugar factories. From all that can be learned Leak will fill the position behind the bat in an entirely creditable manner.

By grabbing Leak Deck has added another first-class unit to his ball playing machine. Deck's first "find" was made early in the present season when Kelly joined the Stags. The club's clouting immediately took on a fatter look with the coming of Kelly and a still fatter with the arrival of Leak, as has heretofore been said.

So it really looks as though the long-suffering and patient Deck has finally succeeded in collecting a crowd of ball artists who really can put in an appearance with the chatters or, in other words, deliver the goods.

It will be a matter of but a month or so before McGaffey will be through working at the saccharine plant and when Schultz also returns to the fold, what with these two and Leak, Kelly, the two Browns, Freeman, Duhart and Walters, Deck will have a team that will be able to put up a winning fight with any semi-pro team in the southern part of the state.

## "GAVVY" CRAVATH COOL UNDER FIRE

When it comes to coolness under fire, Charles Clifford Cravath, the Phillies' slugging outfielder, is the original iceberg. He does not know what the word "nerves" means; the 10,000 crowd has no more effect on him than so many empty seats. His disposition is best illustrated by an occurrence in a recent game at the National League park at Philadelphia.

Sherwood Magee, the Phillies' captain, in the tenth inning, was at the bat. A runner was on second base, and if he crossed the plate the game was won. The pitcher was inclined to be wild, and three balls had been called, while Sherwood was not charged with a strike. The captain looked toward the bench, expecting orders from Manager Doolin—that is, whether he would let a pitch pass, trusting it would be the fourth ball and entitle him to first base, or hit at it if it was over. Cravath was standing behind Magee awaiting his turn at bat, if it came.

"Hit it! Hit it!" said Cravath, in about the same tone he uses in ordering his eggs for breakfast. "Your being on isn't going to do any good. It'll only put it up to me to drive that man home and win the game."

Magee turned just in time to see the pitcher winding up. He stepped into a straight ball, swung his bat and knocked the sphere into the center field bleachers, winning the game. Cravath's cool "hit it" had turned the tide.

## WESTERN TENNIS STARS WATCH DAVIS CHALLENGES

LAKE FOREST, Ill., July 23.—Leading tennis players from western states gathered at the Onwetsia Club today in advance of the western championship tournament to open July 25, to watch the Davis cup challengers of Australia and Canada play their preliminary matches on the grass courts here.

The prospect of seeing Anthony F. Wilding, world's champion; Norman E. Brookes, one of his closest rivals; and Stanley N. Doubt, Australian star, in the competition brought a crowd to the Onwetsia Club today. Society folk came by the hundreds from Chicago and gave a brilliant setting to the event.

Wilding and Brookes, and possibly two of the Canadian players, are expected to remain over and participate in the western tournament opening July 25. In order to try for the national doubles championship, they must first qualify by winning one of the sectional events.

**LAGUNA AUTO STAGE**

## "SAFETY FIRST!"

"SAFETY FIRST!" What a splendid slogan of the hour! What a striking WARNING against SHIFTLINESS in our daily life! HEED IT. It's a warning, among other things, against WASTEFULNESS and CARELESSNESS in MONEY MATTERS. Friend, play SAFE with your INCOME. Don't live BEYOND your means. Put something away for the COMFORT of the FUTURE. Put it where it will be SAFE and EARN you INTEREST. BANK IT WITH US.

## SANTA ANA CENTER FOR MANY FINE AUTO TRIPS

The Los Angeles Times' pink sheet last Sunday had the following article concerning roads and trips in Orange county:

Orange county offers many attractive short runs for the autoist.

Santa Ana is the hub of a wide highway area and the roads throughout the county are in good condition at the present time. With a bond issue of \$1,270,000 to work on, Orange county has projected 107 miles of paved highway, sixty-five miles of which is now under construction or contract. In addition to this the state is paving the main traveled road through the county.

The popular road to Santa Ana from Los Angeles is through Whittier, La Habra, Fullerton and Anaheim. The distance from Whittier to La Habra is seven miles; La Habra to Fullerton, 4.7 miles; Fullerton to Anaheim, 2.5 miles, and from Anaheim to Santa Ana, 7.3 miles. The main road through this section is well sign-posted and the road bed is level and macadamized. Good garage service is to be had at Whittier, Fullerton, Anaheim and Santa Ana. For the present a detour is necessary to avoid construction work between Fullerton and Anaheim.

Orange is but a short distance east of the main road, less than two miles from Santa Ana. Orange also offers excellent garage service to motorists as well as hotel accommodations.

From Santa Ana the Seal Beach road runs through Westminster to Bay City and Seal Beach. An excellent paved highway runs through the beet and celery fields direct to Huntington Beach. From Orange to Tustin, through the citrus section, there is a paved boulevard, which connects with the Newport Beach road at Tustin. There are good roads between Santa Ana and Tustin.

A branch from the Newport Beach road runs around Newport Bay to Corona del Mar and ends there. It is planned to extend this road along the coast to Laguna Beach. The Laguna Beach road from Irvine is closed at present on account of construction work. Travel to Laguna Beach is by way of El Toro and Aliso Canyon. The coast from Corona del Mar to far below Laguna is extremely rugged and picturesque.

The popular coast road to San Diego through Santa Ana passes through Tustin, Irvine, El Toro and San Juan Capistrano. From San Juan Capistrano to San Juan Hot Springs there is a road through San Juan Canyon, still in the primitive for a distance of about fifteen miles.

The Trabuco Canyon road from Santa Ana into Trabuco Canyon is popular with motorists. This road leads to the foot of the trail up Saddleback Mountain to Santiago Peak and also connects with the Santiago

Canyon road, which runs from Orange through El Modena by Orange County Park, by the entrance to Silverado Canyon and to the Madera Country Club. The Trabuco and Santiago Canyons are two of the most rugged and attractive canyons in Southern California.

The Santa Ana Canyon road, which is closed at present for some reconstruction work, runs from Santa Ana through Orange, Olive and Peralta. This is the road into Riverside county from Santa Ana and other Orange county points, and leads through mountainous country.

## TWO AUTOS PASSING HAVE RIGHT OF WAY

"Pink" Editor Looks Up Question of Importance to Motorists

The Register is in receipt of an unsigned communication asking whether it is a violation of the traffic law for a third automobile to force its way between two other automobiles passing each other.

As a rule the Register consigns anonymous letters to the waste basket but in this case, the question being of vital importance to all using the public highways, the editor of "the Pink" has waived the ordinary custom and looked up the matter.

Section 20 of the Motor Vehicle Act of 1913 says, in part, that "When two vehicles are passing each other in opposite directions they shall have the right of way, and no other vehicles shall pass or attempt to pass such two vehicles, and on all occasions the driver or operator of any vehicle, in or upon any public highway shall travel upon the right half of such highway when the road ahead on the left-hand side is not clear and unobstructed for at least one hundred yards."

## INTERESTING WEEK IN COAST LEAGUE

LOS ANGELES, July 23.—With three teams separated by less than two games for the league leadership and a fourth only another game behind, the Pacific Coast League opened Tuesday one of the most promising weeks of the season's play.

Venice, aided by the return to form of Pitcher Harkness and the expected acquisition of Pitcher Koestner, was in third place and playing on its home grounds. Portland, in the lead by a thin fraction of a point, was invading California. Los Angeles, close upon Portland, was playing against the sliding Sacramento club.

Any one of the four leaders seemed Tuesday to have a chance at the flag. Sacramento, in fifth place, was still within the range of possibilities as a pennant contender. Oakland was the only club apparently out of the race, and the improvement of the Oaks' form during the last two weeks indicated that Christian's team will prove a trouble maker for the leaders.

## LEAGUE STANDINGS AND RESULTS TODAY

PACIFIC COAST LEAGUE			
	W.	L.	P.C.

# Hupmobile

The Car of the American Family

## Get This Thought!

Hupmobile owners—and there are tens of thousands of them—will have no other car, because the Hupmobile gives them complete satisfaction at a lesser cost!

That's the Hupmobile story summed up and boiled down—a car that's never out of commission, and a car that costs less when it's in commission.

## Two Mills Per Mile!

When we speak of lesser cost we mean all-around lesser cost—upkeep, repairs, tire mileage, gasoline and oil mileage and depreciation when you come to sell the car at second-hand.

But let us drive home just one point today—the repair cost indicated by a canvass of all the repair parts ever sold by this company.

Assuming an average of even 5,000 miles per car per year—which, of course, is ridiculously low—the average cost comes to the absurd figure of 2.7 mills per mile.

As a matter of fact, Hupmobile repair cost unquestionably averages way below 2 mills per mile—and any owner you talk to will tell you that his total cost is one of the least of his troubles and the service he gets, one of the greatest of his joys.

Go to the Hup dealer and let him tell you the delightful details of a story we can only outline here!

## HARPER MOTOR CAR COMPANY

Main Street, Next to City Hall

## A RECORD BROKEN ON OUTING TRIP

Quick time for the tour to San Diego and Tia Juana was made by a party from the Wickersheim implement house who started from Fullerton at 8 o'clock Saturday evening and arrived home again Sunday night at 12, says the Fullerton Tribune. During the 28 hours they traveled a distance of 280 miles, or an average of 10 miles an hour during the whole time they were absent. They had a fine trip, however, taking time for a moderate amount of sleep and to satisfy the demands of healthy appetites. The ride from San Diego across the Mexican line furnished plenty of diversion that was novel if not all of it enjoyable. McDonald says they didn't break anything but the record and he wouldn't have missed it, although he does feel as if he had been on a trip. Three Ford machines carried the party, in which were included, Mr. and Mrs. W. J. Wickersheim, Mr. and Mrs. T. R. McDonald, Mr. and Mrs. Earl Bacon, Mr. and Mrs. C. C. Lambert, Mr. and Mrs. S. Laporte and Miss May Wilgemuth.

**Builders**  
The guy who planned the Tower of Babel  
Without a doubt was extremely able. Old Noah was some constructionist. When he launched the Ark in the rain and mist:  
While we have the most profound respect  
For the Babylon Garden's architect, And Rameses, builder of pyramids, And also for the fellow who took the bids  
For the Thebes Colossus and Cretian Maze.  
The ginks were good for those olden days.  
Probably each, in his own home town, Had a statue carved to his great renown;  
On its base, inscribed in a big bronze square,  
These words: "As a builder, this boy was there."  
And yet not one of them ever knew What it was to go out where the ivory grew  
And sort out material and sweat and scheme  
In the effort to build a winning team.  
—Walter Trumbull, in the New York World.
